2015

A fee for service high deductible health plan (Consumer Option) with a provider network

This plan’s health coverage qualifies as minimum essential coverage and meets the minimum value standard for the benefits it provides. See page 6 for details.

Sponsored by: The National Postal Mail Handlers Union, AFL-CIO, a Division of LIUNA.

Who may enroll in this Plan: All Federal employees and annuitants who are eligible to enroll in the Federal Employees Health Benefits Program and who are, or become, members or associate members of the National Postal Mail Handlers Union, AFL-CIO, a division of LIUNA.

To become a member or associate member: If you are a non-postal employee or an annuitant, you will automatically become an associate member of the National Postal Mail Handlers Union upon enrollment in MHBP. There is no membership charge for members of the National Postal Mail Handlers Union, AFL-CIO, a division of LIUNA.

Membership dues: \$42 per year for an associate membership except where exempt by law. New associate members will be billed by the National Postal Mail Handlers Union for annual dues when the Plan receives notice of enrollment. Continuing associate members will be billed by the National Postal Mail Handlers Union for the annual membership.

Important Notice from MHBP about our Prescription Drug Coverage and Medicare

The Office of Personnel Management (OPM) has determined that MHBP's prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all Plan participants and is considered Creditable Coverage. This means you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and we will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

Please be advised

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your Medicare Part D premium will go up at least 1% per month for each month you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what most other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may also have to wait until the next Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at www.SocialSecurity.gov, or call the SSA at 1-800-772-1213 (TTY: 1-800-325-0778).

Introduction

This brochure describes the benefits of the Mail Handlers Benefit Plan (MHBP). The National Postal Mail Handlers Union, AFL-CIO, a division of LIUNA, has entered into a contract (CS1146) with the United States Office of Personnel Management as authorized by the Federal Employees Health Benefit law. Customer service may be reached at 1-800-694-9901 and through our website www.MHBP.com. The address for the administrative offices is:

MHBP
P.O. Box 8402
London, KY 40742

This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2015, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2015, and changes are summarized on page 12. Rates are shown at the end of this brochure.

Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.

The ACA establishes a minimum value for the standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). The health coverage of this plan does meet the minimum value standard for the benefits the plan provides.

Plain Language

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples:

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee or family member, “we” means MHBP.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
- Our brochure and other FEHB plans’ brochures have the same format and similar descriptions to help you compare plans.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits Program premium.

OPM’s Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your Plan identification (ID) number over the telephone or to people you do not know, except for your health care provider, authorized health benefits plan or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) statements that you receive from us.
- Periodically review your claims history for accuracy to ensure we have not been billed for services you did not receive .
- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.

Stop Health Care Fraud! *(continued)*

- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at 1-800-694-9901 and explain the situation.
 - If we do not resolve the issue:

CALL — THE HEALTH CARE FRAUD HOTLINE

You can also write to:

**United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street NW Room 6400
Washington, DC 20415-1100**

- Do not maintain as a family member on your policy:
 - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
 - Your child age 26 or over (unless he/she was disabled and incapable of self support prior to age 26).
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage.
- Fraud or material misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include, falsifying a claim to obtain FEHB benefits, trying to or obtaining services for yourself or for someone who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e., you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed by your provider for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

Preventing Medical Mistakes

An influential report from the Institute of Medicine estimates that up to 98,000 Americans die every year from medical mistakes in hospitals alone. That's about 3,230 preventable deaths in the FEHB Program a year. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. By asking questions, learning more and understanding your risks, you can improve the safety of your own health care, and that of your family members. Take these simple steps:

1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you ask questions and understand answers.

2. Keep and bring a list of all the medicines you take.

- Bring the actual medicines or give your doctor and pharmacist a list of all the medicines and dosage that you take, including non-prescription (over-the-counter) medicines and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food and other allergies you have, such as latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.

Preventing Medical Mistakes (*continued*)

- Make sure your medicine is what the doctor ordered. Ask the pharmacist about your medicine if it looks different than you expected.
- Read the label and patient package insert when you get your medicine, including all warnings and instructions.
- Know how to use your medicine. Especially note the times and conditions when your medicine should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.

3. Get the results of any test or procedure.

- Ask when and how you will get the results of tests or procedures.
- Don't assume the results are fine if you do not get them when expected, be it in person, by phone, or by mail.
- Call your doctor and ask for your results.
- Ask what the results mean for your care.

4. Talk to your doctor about which hospital is best for your health needs.

- Ask your doctor about which hospital has the best care and results for your condition if you have more than one hospital to choose from to get the health care you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital.

5. Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, "Who will manage my care when I am in the hospital?"
- Ask your surgeon:
 - "Exactly what will you be doing?"
 - "About how long will it take?"
 - "What will happen after surgery?"
 - "How can I expect to feel during recovery?"
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reactions to anesthesia, and any medications or nutritional supplements you are taking.

Never Events

When you enter the hospital for treatment of one medical problem, you don't expect to leave with additional injuries, infections or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, too often patients suffer from injuries or illnesses that could have been prevented if the hospital had taken proper precautions.

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores and fractures; and reduce medical errors that should never happen. These conditions and errors are called "Never Events". When a Never Event occurs, neither your FEHB plan nor you will incur cost to correct the medical error.

You will not be billed for inpatient services related to treatment of specific hospital acquired conditions or for inpatient services needed to correct never events, if you use Network providers. This policy helps to protect you from preventable medical errors and improve the quality of care you receive.

FEHB Facts

Coverage information

- **No pre-existing condition limitation**

We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.
- **Minimum essential coverage (MEC)**

Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.
- **Minimum value standard**

Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value; your specific out-of-pocket costs are determined as explained in this brochure.
- **Where you can get information about enrolling in the FEHB Program**

See www.opm.gov/healthcare-insurance/healthcare for enrollment information as well as:

 - Information on the FEHB Program and plans available to you
 - A health plan comparison tool
 - A list of agencies that participate in Employee Express
 - A link to Employee Express
 - Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions, and give you a *Guide to Federal Benefits*, brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment;
- How you can cover your family members;
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire;
- What happens when your enrollment ends; and
- When the next Open Season for enrollment begins.

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, you must also contact your employing or retirement office.

- **Types of coverage available for you and your family**

Self Only coverage is for you alone. Self and Family coverage is for you, your spouse, and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately of changes in family member status, including your marriage, divorce, annulment, or when your child reaches age 26.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

If you have a qualifying life event (QLE) - such as marriage, divorce, or the birth of a child - outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at www.opm.gov/healthcare-insurance/life-events. If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/payroll office, or retirement office.

• **Family member coverage**

Family members covered under your Self and Family enrollment are your spouse (including a valid common law marriage) and children as described in the chart below.

Children	Coverage
Natural children, adopted children, and stepchildren	Natural children, adopted children and stepchildren (including children of same-sex domestic partners in certain states) are covered until their 26th birthday.
Foster children	Foster children are eligible for coverage until their 26th birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.
Children incapable of self-support	Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.
Married children	Married children (but NOT their spouse or their own children) are covered until their 26th birthday.
Children with or eligible for employer-provided health insurance	Children who are eligible for or have their own employer-provided health insurance are covered until their 26th birthday.

You can find additional information at www.opm.gov/healthcare-insurance.

• **Children’s Equity Act**

OPM has implemented the Federal Employees Health Benefits Children’s Equity Act of 2000. This law mandates that you be enrolled for Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll for Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self and Family coverage in the Blue Cross and Blue Shield Service Benefit Plan’s Basic Option;
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self and Family in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self and Family in the Blue Cross and Blue Shield Service Benefit Plan’s Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn’t serve the area in which your children live, unless you provide documentation that you have other coverage for the children.

If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that doesn’t serve the area in which your children live as long as the court/administrative order is in effect. Contact your employing office for further information.

- **When benefits and premiums start**

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2015 benefits of your old plan or option.** However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan's 2014 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage, (i.e., you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

- **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

- **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment, or
- You are a family member no longer eligible for coverage.

Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31 day temporary extension.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC).

- **Upon divorce**

If you are divorced from a Federal employee or an annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get RI 70-5, the *Guide To Federal Benefits for Temporary Continuation of Coverage and Former Spouse Enrollees*, or other information about your coverage choices. You can also download the guide from OPM's website, www.opm.gov/healthcare-insurance/healthcare/plan-information/guides.

- **Temporary Continuation of Coverage (TCC)**

If you leave Federal service, Tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). The Patient Protection and Affordable Care Act (ACA) did not eliminate TCC or change the TCC rules. For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal job, if you are a covered dependent child and you turn 26 regardless of marital status, etc.

You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, and the RI 70-5, the *Guide to Federal Benefits for Temporary Continuation of Coverage and Former Spouse Enrollees*, from your employing or retirement office or from www.opm.gov/healthcare-insurance/healthcare/plan-information/guides. It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance marketplace where, depending on your income, you could be eligible for a new kind of tax credit that lowers your monthly premiums. Visit www.HealthCare.gov to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing FEHB Program coverage.

- **Converting to individual coverage**

You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal or Tribal service, your employing office will notify you of your right to convert. However, if you are a family member who is losing coverage, the employing or retirement office will not notify you.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and you will not have a waiting period or limit on your coverage due to pre-existing conditions.

- **Finding replacement coverage**

This Plan no longer offers its own non-FEHB plan for conversion purposes. If you would like to purchase health insurance through the Affordable Care Act's Health Insurance Marketplace, please visit www.HealthCare.gov. This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

In lieu of offering a non-FEHB plan for conversion purposes, we will assist you, as we would assist you in obtaining a plan conversion policy, in obtaining health benefits coverage inside or outside the Affordable Care Act's Health Insurance Marketplace. For assistance in finding coverage, please contact us at 1-800-694-9901 or visit our website, www.MHBP.com.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the Affordable Care Act's Health Insurance Marketplace, please visit www.HealthCare.gov. This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

Section 1. How this plan works

This Plan is a fee-for-service (FFS) plan. You can choose your own physicians, hospitals, and other health care providers.

We reimburse you or your provider for your covered services, usually based on a percentage of the amount we allow. The type and extent of covered services, and the amount we allow, may be different from other plans. Read brochures carefully.

General features of our Consumer Option

MHBP Consumer Option is a High Deductible Health Plan (HDHP) and has a higher annual deductible and out-of-pocket maximum limit than other types of FEHB plans. FEHB Program HDHPs also offer health savings accounts or health reimbursement arrangements. Please see below for more information about these savings features.

We have Network providers

Our fee-for-service plan offers services through a network of health care providers. When you use Network providers, you will receive covered services at reduced cost. MHBP is solely responsible for the selection of Network providers in your area. Contact us at 1-800-694-9901 for the names of Network providers or to request a Network directory. You can also go to our website at www.MHBP.com.

Continued participation of any specific provider cannot be guaranteed. When you phone for an appointment, please remember to verify that the health care professional or facility is still a Network provider. If your doctor is not currently participating in the provider network, you can nominate him or her to join. Physician nomination forms are available on our website, or call us and we'll have a form sent to you. You cannot change health plans outside of Open Season because of changes to the provider network.

This Plan uses the Coventry Health Care National Network as its provider network in the state of Utah. In all other states, the Network providers are those that participate in the Aetna Choice POS II product. Services from providers outside the continental United States, Alaska and Hawaii will be considered at the Network benefit levels. If you receive non-covered services from a Network provider, the Network discount will not apply and the services will be excluded from coverage. To save both you and the Plan money, we encourage the use of primary care physicians where available and appropriate.

The Non-Network benefits are the regular benefits of this Plan. Network benefits apply only when you use a Network provider. Provider networks may be more extensive in some areas than others. We cannot guarantee the availability of every specialty in all areas. If no Network provider is available, or you do not use a Network provider, the regular Non-Network benefits apply. The nature of the services (such as urgent or emergency situations) does not affect whether benefits are paid as Network or Non-Network. However, we will provide the Network level of benefits for services you receive from Non-Network anesthesiologists (including Certified Registered Nurse Anesthetists (CRNA)), radiologists, pathologists, co-surgeons and emergency room physicians when inpatient services are provided in a Network hospital and when outpatient surgical and emergency treatment services are provided at a Network facility unless we indicate otherwise. We will also provide the Network level of benefits for services you receive from a Non-Network radiologist related to preauthorized outpatient radiology procedures performed in a Network facility. You will still be responsible for the difference between our allowance and the billed amount.

Network providers for mental health and substance abuse

This Plan has a contract with Optum (formerly United Behavioral Health) to administer our mental health/substance abuse benefits. They have contracts with mental health professionals to provide these services. Network benefits apply only when you use a Network provider. Call us at 1-800-694-9901 for assistance with locating a Network provider. See Section 5(e).

Other Participating Providers

This Plan offers you access to certain Non-Network health care providers that have agreed to discount their charges. These providers are available to you through MultiPlan and Three Rivers Provider Network (TRPN). Covered services at these participating providers are considered at the negotiated rate subject to applicable deductibles, copayments and coinsurance. Since these participating providers are not Network providers, Non-Network benefit levels will apply. Contact us at 1-800-694-9901 for more information about participating providers.

How we pay providers

When you use a Network health care provider or facility, our Plan allowance is the negotiated rate for the service. You are not responsible for charges above the negotiated amount for covered services and supplies.

Non-Network facilities and providers do not have special agreements with the Plan. Our payment is based on the Plan allowance for covered services. You may be responsible for amounts over the allowance.

If Network providers are available where you receive care and you do not use them, your out-of-pocket expenses will increase. The Plan will base its allowance on a fee schedule that represents an average of the Network fee schedules for a particular service in a particular geographic area (see *Plan allowance*, Section 10, for further details).

When we obtain discounts from participating providers, or through direct negotiations with other Non-Network providers, we pass along your share of the savings.

We apply the National Correct Coding Initiative (NCCI) edits published by the Centers for Medicare and Medicaid Services (CMS) in reviewing billed services and making Plan benefit payments for them.

Preventive care services

Preventive care services are generally covered with no cost-sharing and are not subject to copayments, deductibles or annual limits when received from a Network provider.

Annual deductible

The annual deductible must be met before Plan benefits are paid for services other than Network Preventive care services.

Health Savings Account (HSA)

You are eligible for an HSA if you are enrolled in an HDHP, not covered by any other health plan that is not an HDHP (including a spouse's health plan, but does not include specific injury insurance and accident, disability, dental care, vision care, or long-term care coverage), not enrolled in Medicare, not have received VA or Indian Health Service (IHS) benefits within the last three months, not covered by your own or your spouse's flexible spending account (FSA), and are not claimed as a dependent on someone else's tax return.

- You may use the money in your HSA to pay all or a portion of the annual deductible, copayments, coinsurance or any other out-of-pocket costs that meet the IRS definition of a qualified medical expense.
- Distributions from your HSA are tax-free for qualified medical expenses for you, your spouse and your dependents, even if they are not covered by an HDHP.
- You may withdraw money from your HSA for items other than qualified medical expenses, but it will be subject to income tax and, if you are under 65 years old, an additional 20% penalty tax on the amount withdrawn.
- For each month that you are enrolled in an HDHP and eligible for an HSA, the HDHP will pass through (contribute) a portion of the health plan premium to your HSA. In addition, you (the account holder) may contribute your own money to your HSA, up to an allowable amount determined by IRS rules. Your HSA dollars earn tax-free interest.
- You may allow the contributions in your HSA to grow over time, like a savings account. The HSA is portable – you may take the HSA with you if you leave the Federal government or switch to another plan.

Health Reimbursement Arrangement (HRA)

If you are not eligible for an HSA, or become ineligible to continue an HSA, you are eligible for a Health Reimbursement Arrangement (HRA). Although an HRA is similar to an HSA, there are major differences.

- An HRA does not earn interest.
- An HRA is not portable if you leave the Federal government or switch to another plan.

Catastrophic protection

We protect you against catastrophic out-of-pocket expenses for covered services. Your annual out-of-pocket expenses for covered services from Network providers, including deductibles, copayments and coinsurance, cannot exceed \$5,000 for a Self Only enrollment, or \$10,000 for a Self and Family enrollment. For covered services from Non-Network providers your annual out-of-pocket expenses cannot exceed \$7,500 for a Self Only enrollment or \$15,000 for a Self and Family enrollment.

Health Education resources and management tools

Section 5(i) describes the health education resources and account management tools available to help you manage your health care and your health care dollars.

Your Rights

OPM requires that all FEHB plans provide certain information to their FEHB members. You may get information about us, our networks, providers, and facilities. OPM's FEHB website (www.opm.gov/healthcare-insurance/healthcare) lists the specific types of information that we must make available to you.

You can find out about case management, which includes medical practices guidelines, and how we determine if procedures are experimental or investigational.

If you want more information about us, call 1-800-694-9901, or write to: MHBP, PO Box 8402, London, KY 40742. You may also visit our website at www.MHBP.com.

Your medical and claims records are confidential

We will keep your medical and claims records confidential. Please note that we may disclose medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

Section 2. Changes for 2015

Do not rely only on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Changes to this Plan

- Your share of the non-Postal Self Only premium will increase. For Self and Family your share will increase.
- We added coverage for HIV, hepatitis C and sexually transmitted infection screenings when rendered by a Network provider. Benefits will be paid at 100% of the Plan's allowance and are not subject to the calendar year deductible. Previously, the Plan had no benefit for these services under preventive care. See *Preventive care, adult*, and *Preventive care, children*, Section 5(a).
- Extended care/skilled nursing care facility benefits are available only when this Plan is the primary payor. Previously, benefits were available when other Plans, excluding Medicare Part A, were the primary payor. See *Extended care benefits/Skilled nursing care facility benefits*, Section 5(c).
- We reclassified coverage of partial hospitalization and facility-based intensive outpatient treatment benefits as outpatient hospital services. Previously, coverage was considered as inpatient hospital. See *Outpatient hospital*, Section 5(e).
- We changed the benefit structure for medications, supplies, and preparatory medications for colorectal cancer screenings. Benefits are available at Network retail pharmacies with no member cost-sharing. Previously, these services required member cost-sharing. See *Covered medications and supplies*, Section 5(f).
- We changed the benefit for specialty oral and self-administered medications to align exclusively under CVS Caremark Specialty Pharmacy. Previously, coverage of specialty oral and self-administered medications dispensed by other than CVS Caremark Specialty Pharmacy was available under the medical benefit. See *Diagnostic and treatment services, Infertility services, Treatment therapies*, Section 5(a) and *Prescription drug benefits*, Section 5(f).
- We added a Specialty Pharmacy Step Therapy Drug Program that requires the use of a specialty preferred drug prior to authorization of a specialty non-preferred drug. Previously, this program was not available. Preauthorization continues to be required for all specialty drugs.

Clarifications

- We clarified that any qualified, licensed medical professional practicing within the scope of their state-issued license or certification is considered to be a covered provider. See *Where you get covered care*, Section 3.
- We clarified that residential treatment facilities are considered covered facilities when preauthorized. See *Where you get covered care*, Section 3.
- We clarified the standards/criteria for determining Plan approval of precertification requests. See *You need prior Plan approval for certain services*, Section 3.
- We clarified the preauthorization requirements for transplants and related services. See *You need prior Plan approval for certain services*, Section 3.
- We clarified that routine immunizations are covered at 100%, but other services provided during the visit may have cost-sharing. See *Preventive care, adult* and *Preventive care, children*, Section 5(a).
- We clarified that flu vaccines are covered at 100%, but other services provided during the visit may have cost-sharing. See *Preventive care, adult* and *Preventive care, children*, Section 5(a).
- The name of the transplant network has changed from Coventry Transplant Network to Aetna Institutes of Excellence. See *Organ/tissue transplants*, Section 5(b).
- We clarified that outpatient hospital benefits will be applied when non-emergency care is provided in a hospital emergency room. See *Outpatient hospital or ambulatory surgical center*, Section 5(c).
- We clarified that transportation to or from services are only covered as part of covered inpatient hospital care. See *Ambulance*, Sections 5(c) and 5(d).
- We added a preauthorization requirement for extended outpatient treatment visits. See *Mental health and substance abuse benefits*, Section 5(e).
- We clarified that treatment for binge eating disorder and gambling disorder are not covered. See *Mental health and substance abuse benefits*, Section 5(e).
- We clarified that the preferred drug category is also called formulary and that the non-preferred drug category is also called non-formulary. See *Prescription drug benefits*, Section 5(f).
- We changed the benefits for specialty drugs. Oral and self-administered specialty drugs can only be obtained through our CVS Caremark Specialty Drug Program. See *Prescription drug benefits*, Section 5(f).

Section 3. How you get benefits

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 1-800-694-9901 or write to us at MHBP, P.O. Box 8402, London, KY 40742. You may also request replacement cards and print temporary ID cards through our website: www.MHBP.com.

Where you get covered care

You can get care from any “covered provider” or “covered facility”. How much we pay – and you pay – depends on the type of covered provider or facility you use or who bills for the services. If you use Network providers, you will pay less.

- **Covered providers**

We provide benefits for the services of covered professional providers as required by Section 2706(a) of the Public Health Service Act (PHSA). Coverage of practitioners is not determined by your state’s designation as a medically underserved area (MUA).

Covered professional providers are medical practitioners who perform covered services when acting within the scope of their license or certification under applicable state law and who furnish, bill, or are paid for their health care services in the normal course of business. Covered services must be provided in the state in which the practitioner is licensed or certified.

- **Covered facilities**

Covered facilities include:

- **Hospital.** An institution that is accredited as a hospital under the Hospital Accreditation Program of the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), or any other institution that is operated pursuant to law, under the supervision of a staff of doctors (M.D. or D.O.) and with 24-hour-a-day nursing services, and that is primarily engaged in providing:
 - a) general inpatient acute care and treatment of sick and injured persons through medical, diagnostic, and major surgical facilities, all of which must be provided on its premises or under its control; or
 - b) specialized inpatient acute medical care and treatment of sick or injured persons through medical and diagnostic facilities (including X-ray and laboratory) on its premises or under its control, or through a written agreement with a hospital or with a specialized provider of those facilities; or
 - c) a licensed birthing center.

In no event shall the term “hospital” include any part of a hospital that provides long-term care or sub-acute care, rather than acute care, or a convalescent nursing home, or any institution or part thereof that:

- a) is used principally as a convalescent facility, rest facility, nursing facility, or facility for the aged; or
 - b) furnishes primarily domiciliary or custodial care, including training in the routines of daily living; or
 - c) is operated as a school; or
 - d) is operated as a residential treatment facility regardless of its State licensure or accreditation status, unless preauthorized and approved under mental health and substance abuse benefits.
- **Network providers.** The Plan may approve coverage of providers who are not currently shown as Covered providers to provide mental health/substance abuse treatment under the Network benefit. Coverage of these providers is limited to circumstances where the Plan has approved the treatment plan.

- **Covered facilities**
(continued)

- **Freestanding ambulatory facility.** A facility that meets the following criteria:
 - a) has permanent facilities and equipment for the primary purpose of performing surgical and/or renal dialysis procedures on an outpatient basis;
 - b) provides treatment by or under the supervision of doctors and nursing services whenever the patient is in the facility;
 - c) does not provide inpatient accommodations; and is not, other than incidentally, a facility used as an office or clinic for the private practice of a doctor or other professional.

The Plan will apply its outpatient surgical facility benefits only to facilities that have been accredited by the Joint Commission on the Accreditation of Healthcare Organizations (JCAHO), the American Association for Accreditation of Ambulatory Surgery Facilities (AAAASF), the Accreditation Association for Ambulatory Health Care (AAAHC), or that have Medicare certification as an ASC facility.

- **Residential treatment facility.** A facility that provides a program of effective mental health or substance use disorder services/treatment and which meets all of the following requirements.
 - a) is established and operated in accordance with applicable state law for residential treatment programs;
 - b) provides a program of treatment under the active participation and direction of a licensed physician who is practicing within the scope of the physician’s license;
 - c) has or maintains a written, specific and detailed treatment program requiring full-time residence and full-time participation by the patient;
 - d) provides at least the following basic services in a 24-hour per day, structured milieu;
 - Room and board
 - Evaluation and diagnosis
 - Counseling
 - Referral and orientation to specialized community resources

Preauthorization is required.

- **Christian Science nursing facility.** A facility which is approved by the Commission for the Accreditation of Christian Science Nursing Organizations/Facilities, Inc.
- **Skilled nursing care facility.** An institution or that part of an institution, which provides convalescent skilled nursing care 24-hours-a-day and is classified as a skilled nursing care facility under Medicare.
- **Hospice.** A facility that:
 - provides primarily inpatient care to terminally ill patients;
 - is licensed/certified by the jurisdiction in which it operates;
 - is supervised by a staff of doctors (M.D. or D.O.) with at least one such doctor on call 24 hours a day;
 - provides 24-hour-a-day nursing services under the direction of a registered nurse (R.N.) and has a full-time administrator; and
 - provides an ongoing quality assurance program.

- **Transitional care**

Specialty care: If you have a chronic or disabling condition and

- lose access to your specialist because we drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Plan, or
- lose access to your Network specialist because we terminate our contract with your specialist for reasons other than for cause,

you may be able to continue seeing your specialist and receiving any Network benefits for up to 90 days after you receive notice of the change. Contact us or, if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist and your Network benefits continue until the end of your postpartum care, even if it is beyond the 90 days.

- **If you are hospitalized when your enrollment begins**

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our Customer Service department immediately at 1-800-694-9901. If you are new to the FEHB Program, we will reimburse you for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- you are discharged, not merely moved to an alternative care center;
- the day your benefits from your former plan run out;
- the 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the hospitalized person. If your plan terminates participation in the FEHB in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such cases, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

You need prior Plan approval for certain services

The pre-service claim approval processes for inpatient hospital admissions (called precertification) and for other services, are detailed in this Section. A **pre-service claim** is any claim, in whole or in part, that requires approval from us in advance of obtaining medical care or services. In other words, a pre-service claim for benefits (1) requires precertification, prior approval or a referral and (2) will result in a reduction of benefits if you do not obtain precertification, prior approval or a referral.

We make determinations based on nationally recognized clinical guidelines and standard criteria sets. These determinations can affect what we pay on a claim.

- **Inpatient hospital admission**

Precertification is the process by which – prior to your inpatient hospital admission – we evaluate the medical necessity of your proposed stay and the number of days required to treat your condition. Unless we are misled by the information given to us, we won't change our decision on medical necessity.

In most cases, your physician or hospital will take care of precertification. Because you are still responsible for ensuring that your care is precertified, you should always ask your physician or hospital whether they have contacted us and that we have approved the admission.

Warning:

We will reduce our benefits for the inpatient hospital stay by \$500 if no one contacts us for precertification. If the stay is not medically necessary, we will not pay inpatient hospital benefits.

If no one contacts us, we will decide whether the hospital stay was medically necessary.

- If we determine that the stay was medically necessary, we will pay the inpatient charges, less the \$500 penalty.
- If we determine that it was not medically necessary for you to be an inpatient, we will not pay inpatient hospital benefits. We will pay 60% for covered medical supplies and services that are otherwise payable on an outpatient basis.

If we denied the precertification request, we will not pay room and board inpatient hospital benefits. We will pay 60% for covered medical services and supplies that are otherwise payable on an outpatient basis.

If you remain in the hospital beyond the number of days we approved and you do not get the additional days precertified, then:

- we will pay inpatient benefits for the part of the admission that we determined was medically necessary, but
- we will pay 60% of the covered medical services and supplies otherwise payable on an outpatient basis and will not pay room and board benefits for the part of the admission that was not medically necessary.

Any stay greater than 23 hours that results in a hospital admission must be precertified.

Exceptions:

You do not need precertification in these cases:

- You are admitted to a hospital outside the United States.
- You have another group health insurance policy that is the primary payor for the hospital stay.
- Medicare Part A is the primary payor for the non-transplant related hospital stay. Note: If you exhaust your Medicare hospital benefits and do not want to use your Medicare lifetime reserve days, then we will become the primary payor and you **do** need precertification.
- Your stay is less than 23 hours.

• **Outpatient imaging procedures**

We require preauthorization for the following outpatient radiology/imaging services:

- CT/CAT scan – Computed Tomography/Computerized Axial Tomography
- CTA – Computed Tomography Angiography
- MRI – Magnetic Resonance Imaging
- MRA – Magnetic Resonance Angiography
- NC – Nuclear Cardiac Imaging
- PET– Positron Emission Tomography
- SPECT – Single-Photon Emission Computerized Tomography

You, your representative or your physician must contact us at least two working days prior to scheduling the outpatient imaging procedures listed above. We will evaluate the medical necessity of your proposed procedure to ensure it is appropriate for your condition. See *How to request precertification for an admission or get preauthorization for other services*, below.

In most cases, your physician will take care of preauthorization. Because you are still responsible for ensuring that your procedure is preauthorized, you should always ask your physician whether they have contacted us and that we have approved the procedure.

When possible, arranging to have the imaging procedures listed above performed at a Network stand-alone imaging center will help you to maximize your benefits.

See *Lab, X-ray and other diagnostic tests*, Section 5(a).

Warning:

We will reduce our benefits by \$100 per occurrence if no one contacts us for preauthorization. If preauthorization is denied, we will not pay any benefits.

Exceptions:

You do not need preauthorization in these cases:

- The procedure is performed outside the United States.
- You have other group health insurance coverage that is the primary payor, including Medicare.
- The procedure is performed in an emergency situation.
- You have been admitted to a hospital on an inpatient basis.

• **Organ/tissue transplants**

We require preauthorization for all organ/tissue transplant procedures and related services (except cornea). This requirement applies even when other coverage, including Medicare, is your primary payor for health benefits.

You, your representative, the doctor, or the hospital must contact us before your evaluation as a potential candidate for a transplant procedure so we can arrange to review the evaluation results and determine whether the proposed procedure is approved for coverage. You must have our written approval for the procedure before the Plan will cover any transplant-related expenses.

In most cases, your physician will take care of preauthorization. Because you are still responsible for ensuring that this requirement is met, you should always confirm that your physician has contacted us and that we have approved the procedure.

Warning:

We will not pay any benefits if no one contacts us for preauthorization or if preauthorization is denied.

Exceptions:

You do not need preauthorization in these cases:

- Corneal transplants.
- Transplant procedures performed outside the United States.

- **Other services**

Some services require precertification or preauthorization before we will consider them for benefits. Preauthorization must be obtained two business days in advance of the planned service or procedure. Call us at 1-800-694-9901 as soon as the need for these services is determined.

- We require preauthorization for genetic testing. See Section 5(a).
- We require preauthorization for chelation therapy. See Section 5(a).
- We require preauthorization for hyperbaric oxygen therapy. See Section 5(a).
- We require preauthorization for certain oncology and specialty drugs administered by a physician in an outpatient setting, including specialty oral and self-administered drugs, such as growth hormones and drugs to treat multiple sclerosis and infertility. A list of drugs requiring preauthorization is available on the Plan's website and by calling us. See Section 5(a) and Section 5(f).
- We require preauthorization for audible prescription reading devices. See Section 5(a).
- We require preauthorization for spinal surgery. See Section 5(b).
- We require preauthorization for surgical treatment of morbid obesity (bariatric surgery). See Section 5(b).
- We require preauthorization of transplants and transplant-related services, except corneal transplants, even when other coverage, including Medicare, is your primary payor for health benefits. You or your physician must call 1-800-694-9901 to speak with a transplant case manager prior to your pre-transplant evaluation as a potential candidate for a transplant procedure. See Section 5(b).
- We require preauthorization for pain management services. See section 5(b).
- We require preauthorization for care in a skilled nursing facility. See Section 5(c).
- We require preauthorization for Vagus nerve stimulation therapy. See Section 5(e).
- We require preauthorization for extended outpatient treatment visits, outpatient intensive therapy, partial hospitalization and electroshock/electroconvulsive therapy. See Section 5(e).
- We require preauthorization for outpatient psychological and neuropsychological testing. See Section 5(e).
- We require a brand exception for brand name drugs when a generic equivalent is available. See Section 5(f).
- We require preauthorization of certain classes of drugs including, but not limited to, human growth hormone (HGH). See Section 5(f).
- We require precertification when you have Medicare Part B only as your primary payor for an outpatient hospitalization that exceeds 23 hours and results in hospital admission.

You should call us at 1-800-694-9901 before scheduling any of the following outpatient procedures or services:

- Dialysis
- IV/infusion therapy
- Respiratory therapy
- Inhalation therapy
- Orthopedic and prosthetic devices
- Durable medical equipment
- Diabetic education
- Smoking cessation

We can help you understand your benefits and locate a Network provider.

How to request precertification for an admission or get preauthorization for other services

First, you, your representative, your physician, or your hospital must call us at 1-800-694-9901 at least two working days before admission or services requiring preauthorization are rendered.

Next, provide the following information:

- enrollee's name and Plan identification number;
- patient's name, birth date, identification number and phone number;
- reason for hospitalization, proposed treatment, or surgery;
- name and phone number of admitting physician;
- name of hospital or facility; and
- number of days requested for hospital stay.

• Non-urgent care claims

For non-urgent care claims, we will tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim.

If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original 15 day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

• Urgent care claims

If you have an **urgent care claim** (i.e., when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim, we will review the documentation you provide and decide whether it is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to provide notice of the specific information we need to complete our review of the claim. We will allow you up to 48 hours from the receipt of this notice to provide the necessary information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) the end of the time frame, whichever is earlier.

We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification.

You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 1-800-694-9901. You may also call OPM's Health Insurance 2 at (202) 606-3818 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, call us at 1-800-694-9901. If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

• Concurrent care claims

A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.

- **Emergency inpatient admission** If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must telephone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital. If you do not telephone the Plan within two business days, penalties may apply - see *Warning under Inpatient hospital admissions* earlier in this Section and *If your hospital stay needs to be extended* below.
- **Maternity care** You do not need to precertify a maternity admission for a routine delivery. However, if your medical condition requires you to stay more than 48 hours after a vaginal delivery or 96 hours after a cesarean section, then you, your representative, your physician or the hospital must contact us for precertification of additional days. Further, if your baby stays after you are discharged, then you, your representative, your physician or the hospital must contact us for precertification of additional days for your baby.
- **If your hospital stay needs to be extended** If your hospital stay – including for maternity care – needs to be extended, you, your representative, your doctor or the hospital must contact us for precertification of the additional days. If you remain in the hospital beyond the number of days we approved and did not get the additional days precertified, then
 - For the part of the admission that was medically necessary, we will pay inpatient benefits, but
 - For the part of the admission that was not medically necessary, we will pay only medical services and supplies otherwise payable on an outpatient basis and will not pay inpatient benefits.
- **If your treatment needs to be extended** If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.

If you disagree with our pre-service claim decision

If you have a **pre-service claim** and you do not agree with our decision regarding precertification of an inpatient admission or prior approval of other services, you may request a review in accord with the procedures detailed below.

If you have already received the service, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

- **To reconsider a non-urgent care claim** Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.
In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to:
 1. Precertify your hospital stay or, if applicable, arrange for the health care provider to give you the care or grant your request for prior approval for a service, drug, or supply; or
 2. Ask you or your provider for more information.
 - You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.
 - If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.
 3. Write to you and maintain our denial.
- **To reconsider an urgent care claim** In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.
Unless we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written requests for appeals and the exchange of information by telephone, electronic mail, facsimile, or other expeditious methods.
- **To file an appeal with OPM** After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

Section 4. Your costs for covered services

This is what you will pay out-of-pocket for your covered care:

- Cost-sharing** Cost-sharing is a general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance and copayments) for the covered care you receive.
- Copayment** A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services.
- Example: When you see your Network physician you pay a copayment of \$15 per visit after your calendar year deductible has been met.
- Note: If the billed amount or the Plan allowance that providers we contract with have agreed to accept as payment in full is less than your copayment, you pay the lower amount.
- Deductible** A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for them. Copayments and coinsurance amounts do not count toward any deductible. When a covered service or supply is subject to a deductible, only the Plan allowance for the service or supply counts toward the deductible. Covered expenses are applied to the deductible in the order in which claims are processed, which may be different than the order in which services were actually rendered.
- The Consumer Option calendar year deductible for covered services and supplies is \$2,000 for a Self Only enrollment and \$4,000 for a Self and Family enrollment.
- If the billed amount (or the Plan allowance that Network providers have agreed to accept as payment in full) is less than the remaining portion of your deductible, you pay the lower amount.
- Example: If the billed amount is \$100, the provider has agreed to accept \$80, and you have not paid any amount toward your calendar year deductible, you must pay \$80. We will apply \$80 toward your deductible. We will begin paying benefits once the remaining portion of your calendar year deductible has been satisfied.
- Note: If you change plans or plan options during Open Season and the effective date of your new plan or plan option is after January 1 of the next year, you do not have to start a new deductible under your old plan or plan option between January 1 and the effective date of your new plan or plan option. If you change options in this Plan during the year, we will credit the amount of covered expenses already applied toward the deductible of your old option to the deductible of your new option.
- If you change plans during the year, you must begin a new deductible under your new plan.
- Coinsurance** Coinsurance is the percentage of our allowance that you must pay under Traditional Health Coverage. Coinsurance does not begin until you have met your calendar year deductible.
- Example: You pay 40% of our allowance for Non-Network office visits.
- If your provider routinely waives your cost** If your provider routinely waives (does not require you to pay) your copayments, deductibles, or coinsurance, the provider is misstating the fee and may be violating the law. In this case, when we calculate our share, we will reduce the provider's fee by the amount waived.
- Example: If your physician ordinarily charges \$100 for an office visit but routinely waives your \$15 copayment, the actual charge is \$85. We will pay \$70 (\$15 less than the actual charge of \$85).
- To help keep your coinsurance out-of-pocket costs to a minimum, we encourage you to call us at 1-800-694-9901 or visit our website at www.MHBP.com for assistance locating Network providers whenever possible.
- Waivers** In some instances, a provider may ask you to sign a "waiver" prior to receiving care. This waiver may state that you accept responsibility for the total charge for any care that is not covered by your health plan. If you sign such a waiver, whether you are responsible for the total charge depends on the contracts that the Plan has with its providers. If you are asked to sign this type of waiver, please be aware that, if benefits are denied for the services, you could be legally liable for the related expenses. If you would like more information about waivers, please contact us at 1-800-694-9901.

Differences between our allowance and the bill

Our “Plan allowance” is the amount we use to calculate our payment for covered services. Fee-for-service plans arrive at their allowances in different ways, so their allowances vary. For more information about how we determine our Plan allowance, see the definition of *Plan allowance* in Section 10.

Often, the provider’s bill is more than a fee-for-service plan’s allowance. Whether or not you have to pay the difference between our allowance and the bill will depend on the provider you use.

- **Network providers** agree to limit what they will bill you. Because of that, when you use a Network provider, your share of covered charges consists only of your deductible and copayments. Here is an example: You see a Network physician for an office visit who charges \$150, but our allowance is \$100. If you’ve already met your deductible, you are only responsible for your copayment. That is, you pay just \$15 of our \$100 allowance for an office visit. Because of the agreement, your Network physician will not bill you for the \$50 difference between our allowance and his/her bill.
- **Non-Network providers**, on the other hand, have no agreement to limit what they will bill you. When you use a Non-Network provider, you will pay your deductible and coinsurance – **plus** any difference between our allowance and charges on the bill. Here is an example: You see a Non-Network physician who charges \$150 and our allowance is again \$100. If you’ve met your deductible, you are only responsible for your coinsurance, so you pay 40% of our \$100 allowance (\$40). Plus, because there is no agreement between the Non-Network physician and us, the physician can bill you for the \$50 difference between our allowance and his/her bill. For details on how we determine the Plan allowance, please see Section 10.
- **Participating providers** agree to limit what they can collect from you. You will still have to pay your deductible and coinsurance. These providers agree to write off the difference between billed charges and the discount amount.

The following table illustrates the examples of how much you have to pay out-of-pocket for services from a Network physician vs. a Non-Network physician in a non-fully developed market area. The table uses our example of a service for which the physician charges \$150 and our allowance is \$100. The table shows the amount you pay if you have met your calendar year deductible.

EXAMPLE	Network physician	Non-Network physician
Physician’s charge	\$150	\$150
Our allowance	We set it at: \$100	We set it at: \$100
We pay	\$85	60% of our allowance: \$60
You owe:	Copayment: \$15	40% of our allowance: \$40
+ Difference up to charge?	No: \$0	Yes: \$50
TOTAL YOU PAY	\$15	\$90

If you have an HSA, you can choose to use funds from your HSA to pay these amounts, or you can pay them out-of-pocket. If you have an HRA, we will withdraw the amount from your HRA if funds are available. After you have exhausted your HSA or HRA, you will be responsible for paying your remaining deductible and also copayments and coinsurance under the Traditional Health Coverage.

Note: We encourage you to use Network providers because it will make the amounts in your HSA or HRA last longer.

If you receive services in a fully developed Network area and use a Non-Network physician, your out-of-pocket expenses may be greater. See *Plan allowance*, Section 10 for more details.

Your catastrophic protection out-of-pocket maximum

For those services with cost-sharing, we pay 100% of the Plan's allowance for the remainder of the calendar year after your out-of-pocket expenses total these amounts:

Network benefit: Your catastrophic protection out-of-pocket maximum is \$5,000 for a Self Only enrollment (\$10,000 Self and Family) when you use Network providers/facilities and pharmacies. Only eligible expenses for network providers count toward this limit.

Out of pocket expenses for purposes of this benefit are:

- Your annual deductible
- The copayments you pay for covered Network services under the Traditional Health Coverage

The following cannot be included in the accumulation of out-of-pocket expenses. Health care providers can bill you, and you are responsible to pay them even after your expenses exceed the limits described above:

- Expenses in excess of the Plan's allowance or maximum benefit limitations
- Expenses for non-covered services and supplies
- Any amounts you pay because benefits have been reduced for non-compliance with this Plan's cost containment requirements (see pages 15-17)

Non-Network benefit: Your catastrophic protection out-of-pocket maximum is \$7,500 for a Self Only enrollment (\$15,000 Self and Family) when you use Non-Network providers/facilities and pharmacies. Eligible expenses for Network providers also count toward this limit. Your eligible out-of-pocket expenses will not exceed this amount whether or not you use Network providers.

- Out of pocket expenses for purposes of this benefit are:
 - Your annual deductible
 - The copayments you pay for covered Network services under the Traditional Health Coverage
 - The 40% coinsurance you pay for covered Non-Network services under the Traditional Health Coverage

The following cannot be included in the accumulation of out-of-pocket expenses. Health care providers can bill you, and you are responsible to pay them even after your expenses exceed the limits described above:

- Expenses in excess of the Plan's allowance or maximum benefit limitations
- Expenses for non-covered services and supplies
- Any amounts you pay because benefits have been reduced for non-compliance with this Plan's cost containment requirements (see pages 15-17)
- The difference in cost between a brand name drug and the generic equivalent

Carryover

If you changed to this Plan during Open Season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your old plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your old plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

Note: If you change options in this Plan during the year, we will credit the amount of covered expenses already accumulated toward the catastrophic out-of-pocket limit of your old option to the catastrophic protection limit of your new option.

If you change plans during the year, you must meet the catastrophic protection out-of-pocket maximum of your new plan in full before catastrophic protection benefits begin.

If we overpay you

We will make diligent efforts to recover benefit payments we made in error but in good faith. We may reduce subsequent benefit payments to offset overpayments.

When Government facilities bill us

Facilities of the Department of Veterans Affairs, the Department of Defense, and the Indian Health Service are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

Section 5. Benefits

MHBP offers a High-Deductible Health Plan (HDHP) called Consumer Option. The Consumer Option benefit package is described in this section. Make sure that you review the benefits that are available under the benefit product in which you are enrolled.

Consumer Option Section 5, which describes the Consumer Option benefits, is divided into subsections. Please read *Important things you should keep in mind* at the beginning of each subsection. Also read the general exclusions in Section 6; they apply to the benefits in the following subsections. To obtain claim forms, claim filing advice, or more information about your Consumer Option benefits, contact us at 1-800-694-9901 or visit our website at www.MHBP.com.

See page 12 for how our benefits change this year and page 106 for a benefits summary.

Consumer Option Benefits Overview

MHBP Consumer Option is a High Deductible Health Plan (HDHP) that provides comprehensive coverage for high-cost medical events and a tax-advantaged way to help you build savings for future medical expenses. The Plan gives you greater control over how you use your health care benefits.

Consumer Option Section 5, which describes the Consumer Option benefits, is divided into subsections. Please read *Important things you should keep in mind* about these benefits at the beginning of each subsection. Also read the general exclusions in Section 6; they apply to benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about HDHP benefits, contact us at 1-800-694-9901 or visit our website at www.MHBP.com.

When you enroll in the MHBP Consumer Option, we establish either a Health Savings Account (HSA) or a Health Reimbursement Arrangement (HRA) for you. We automatically pass through a portion of the total health plan premium to your HSA or credit an equal amount to your HRA based upon your eligibility. Your full annual HRA credit will be available on your effective date of enrollment.

With this plan, Network preventive care is covered in full for the listed services. As you receive other non-preventive covered medical care, you must meet the Plan's deductible before we pay Traditional medical coverage benefits. You can choose to use funds available in your HSA to make payments toward the deductible or you can pay toward the deductible entirely out-of-pocket, allowing your savings to continue to grow.

The MHBP Consumer Option includes five key components: Network preventive care; traditional medical coverage that is subject to the deductible; savings; catastrophic protection for out-of-pocket expenses; and health education resources and account management tools.

- **Network Preventive care** Consumer Option covers preventive care services such as periodic health evaluations (e.g., annual physicals), screening services (e.g., mammograms), routine well-child care, child and adult immunizations, and disease management programs. These services are covered at 100% if you use a Network provider and are described in Section 5 *Network Preventive care*. You do not have to meet the deductible to receive these benefits. Non-Network preventive care is not covered.
- **Traditional medical care** After you have paid the Plan's deductible, we pay benefits under Traditional medical coverage described in Section 5. You pay a copayment for Network services and 40% coinsurance for Non-Network services. Covered services include:

 - Medical services and supplies provided by physicians and other health care professionals
 - Surgical and anesthesia services provided by physicians and other health care professionals
 - Hospital services, other facility or ambulance services
 - Emergency services/accidents
 - Mental health and substance abuse benefits
 - Prescription drug benefits
- **Savings** Health Savings Accounts or Health Reimbursement Arrangements provide a means to help you pay out-of-pocket expenses (see page 28 for more details).

Health Savings Accounts (HSAs) By law, health savings accounts are available to members who are not enrolled in Medicare, cannot be claimed as a dependent on someone else's tax return, are not covered under their own, or their spouse's FSA, have not received VA and/or Indian Health Services (IHS) benefits within the last three months, and do not have another health plan other than another high-deductible health plan. In 2015, for each month you are eligible for an HSA premium pass through, we will contribute to your HSA \$70.41 per month for a Self Only enrollment or \$140.83 per month for a Self and Family enrollment. In addition to our monthly contribution, you have the option to make additional tax-free contributions to your HSA, so long as total contributions do not exceed the limit established by law, which is \$3,350 for a Self Only enrollment or \$6,650 for a Self and Family enrollment. See maximum contribution information on page 29. You can use funds in your HSA to help pay your Plan deductible. You own your HSA, so the funds can go with you if you happen to change plans or employment.

Federal tax tip: There are tax advantages to fully funding your HSA as quickly as possible. Your HSA contribution payments are fully deductible on your Federal tax return. By fully funding your HSA early in the year, you have the flexibility of paying medical expenses from tax-free HSA dollars or after-tax out-of-pocket dollars. If you don't deplete your HSA and you allow the contributions and the tax-free interest to accumulate, your HSA grows more quickly for future expenses. When you calculate the amount of your contribution(s), keep in mind that the Plan also makes monthly contributions to your HSA, and that the combined total of all contributions cannot exceed the limit established by law.

Health Savings Accounts
(continued)

HSA features include:

- The administrator and custodian for your HSA is HealthEquity
- Your contributions to the HSA are tax deductible up to the limit allowed by law
- You may establish pre-tax HSA deductions from your paycheck to fund your HSA up to IRS limits using the same method that you use to establish other deductions (e.g., Employee Express, MyPay, etc.)
- Your HSA earns tax-free interest
- You can make tax-free withdrawals for qualified medical expenses for you, your spouse and dependents (see IRS Publication 502 for a complete list of eligible expenses)
- Your unused HSA funds and interest accumulate from year to year
- It's portable – the HSA is owned by you and is yours to keep, even when you leave Federal employment or retire
- When you need it, funds up to the actual HSA balance are available

Important consideration if you want to participate in a Health Care Flexible Spending Account (HCFSA): If you are enrolled in the MHBP Consumer Option with a Health Savings Account (HSA) and start or become covered by a HCFSA (such as FSAFEDS offers – see Section 11), the MHBP Consumer Option cannot continue to contribute to your HSA. Similarly, you cannot contribute to an HSA if your spouse enrolls in an HCFSA. Instead, when you inform us of your coverage in an HCFSA, we will establish an HRA for you.

Health Reimbursement Arrangements (HRA)

If you aren't eligible for an HSA, for example you are enrolled in Medicare or have another health plan, we will establish and administer an HRA instead. You must notify us that you are not eligible for an HSA. In 2015, we will give you an HRA credit of up to \$845 per year for a Self Only enrollment or up to \$1,690 for a Self and Family enrollment. You can use funds in your HRA to help pay your health plan deductible and/or for certain expenses that don't count toward the deductible. Once we have established an HRA for you, you cannot change to an HSA for the remainder of the calendar year, even if your eligibility for an HSA changes.

HRA Features include:

- Your HRA is administered by MHBP
- Your entire HRA credit (prorated from your effective date to the end of the plan year) is available from your effective date of enrollment
- Tax-free credit can be used to pay for qualified medical expenses for you and any individuals covered by this Plan
- Unused credits carry over from year to year
- HRA credit does not earn interest
- HRA credit is forfeited if you leave Federal employment or switch health insurance plans
- An HRA does not affect your ability to participate in an FSAFEDS Health Care Flexible Spending Account (HCFSA). However, you must meet FSAFEDS eligibility requirements. See *Who is eligible to enroll?* in Section 12 under *The Federal Flexible Spending Account Program – FSAFEDS*.

• **Catastrophic protection for out-of-pocket expenses**

When you use network providers, your maximum for out-of-pocket expenses (deductibles, coinsurance and copayments) for covered services is limited to \$5,000 for a Self Only enrollment or \$10,000 for a Self and Family enrollment for services from Network providers (\$7,500 Self Only or \$15,000 Self and Family for Non-Network providers). However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan's allowance or benefit maximum). Refer to Section 4 *Your catastrophic protection out-of-pocket maximum*, and Consumer Option Section 5 *Traditional medical care* for more details.

• **Health education resources and account management tools**

Consumer Option Section 5(i) describes the health education resources and account management tools available to help you manage your health care and your health care dollars.

If you have an HSA

- **Contributions**

All contributions are aggregated and cannot exceed the maximum contribution amount set by the IRS. You may contribute your own money to your account through payroll deductions (if available), or you may make lump sum contributions at any time, in any amount not to exceed the annual maximum limit. If you contribute, you can claim the amount contributed for the year as a tax deduction when you file your income taxes. Your own HSA contributions are either tax-deductible or pre-tax (if made by payroll deduction). You receive tax advantages in any case. To determine the amount you may contribute, subtract the amount the Plan will contribute to your account for the year from the maximum contribution amount set by the IRS. You have until April 15 of the following year to make HSA contributions for the current year.

If you newly enroll in an HDHP during Open Season and your effective date is after January 1st or you otherwise have partial year coverage, you are eligible to fund your account up to the maximum contribution limit set by the IRS as long as you maintain your HDHP enrollment for 12 months following the last month of the year of your first year of eligibility. If you do not meet this requirement, a portion of your tax reduction is lost and a 10% penalty is imposed. There is an exception for death or disability.

Contact us at 1-800-694-9901 for more details.

- **Catch-up contributions**

If you are age 55 or older, the IRS permits you to make additional “catch-up” contributions to your HSA. The allowable catch-up contribution will be \$1,000 in 2015 and beyond. Contributions must stop once an individual is enrolled in Medicare. Additional details are available on the U. S. Department of the Treasury website at www.ustreas.gov/offices/public-affairs/hsa/.

- **If you die**

If you have not named a beneficiary and you are married, your HSA becomes your spouse’s; otherwise, your HSA becomes part of your taxable estate.

- **Qualified expenses**

You can pay for “qualified medical expenses,” as defined by IRS Code 213(d). These expenses include, but are not limited to, medical plan deductibles, diagnostic services covered by your plan, long-term care premiums, health insurance premiums if you are receiving Federal unemployment compensation, **physician prescribed** over-the-counter drugs, LASIK surgery, and some nursing services.

When you enroll in Medicare, you can use the account to pay Medicare premiums or to purchase health insurance other than a Medigap policy. You may not, however, continue to make contributions to your HSA once you have enrolled in Medicare.

For a detailed list of IRS-allowable expenses, request a copy of IRS Publication 502 by calling 1-800-829-3676, or visit the IRS website at www.irs.gov and click on “Forms and Publications.” Note: Although **physician prescribed** over-the-counter drugs are not listed in the publication, they are reimbursable from your HSA. Also, insurance premiums are reimbursable under limited circumstances.

- **Non-qualified expenses**

You may withdraw money from your HSA for items other than qualified health expenses, but it will be subject to income tax and if you are under 65 years old, an additional 20% penalty tax on the amount withdrawn.

- **Tracking your HSA balance**

You will receive a monthly statement that shows contributions and withdrawals, and interest earned on your account. You can also review the activity on your HSA by logging in to the MHBP secure member portal available at www.MHBP.com.

- **Minimum reimbursements from your HSA**

You can request reimbursement in any amount.

If you have an HRA**• Why an HRA is established**

If you don't qualify for an HSA when you enroll in this Plan, or later become ineligible for an HSA, we will establish an HRA for you. If you are enrolled in Medicare, you are ineligible for an HSA and we will establish an HRA for you. You must tell us if you become ineligible to contribute to an HSA.

• How an HRA differs

Please review the chart on pages 28-30 which details the differences between an HRA and an HSA. The major differences are:

- You cannot make contributions to an HRA
- Funds are forfeited if you leave this Plan
- An HRA does not earn interest, and
- HRAs can only pay for qualified medical expenses, such as deductibles, copayments, and coinsurance expenses, for individuals covered by this Plan. FEHB law does not permit qualified medical expenses to include services, drugs or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest.

Network preventive care

Important things you should keep in mind about these benefits:

- Under the Consumer Option, we pay 100% for the preventive care services listed in this Section as long as you use a Network provider. Non-Network preventive care is not covered. For all other covered expenses, please see pages 37-75 – Traditional medical coverage.
- The Consumer Option calendar year deductible does not apply to Network preventive care benefits.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.

Traditional medical coverage subject to the deductible

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Network preventive care is covered at 100% (see page 33) and is not subject to the calendar year deductible. Non-Network preventive care is not covered.
- The deductible is \$2,000 for a Self Only enrollment or \$4,000 for a Self and Family enrollment. The family deductible can be satisfied by one or more family members. The deductible applies to all benefits under Traditional medical coverage. You must pay your deductible before Traditional medical coverage begins.
- Under Traditional medical coverage, you are responsible for your copayments, coinsurance and amounts in excess of the Plan’s allowance for covered medical expenses.
- You are protected by an annual catastrophic maximum on out-of-pocket expenses for covered services. After your copayments, coinsurance and deductible total \$5,000 for a Self Only enrollment or \$10,000 for a Self and Family enrollment in any calendar year for services from Network providers (\$7,500 Self Only or \$15,000 Self and Family for Non-Network providers), you do not have to pay any more for covered services. However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan’s benefit maximum, or, if you use Non-Network providers, amounts in excess of the Plan’s allowance).
- The Consumer Option provides coverage for both Network and Non-Network providers. The Non-Network benefits are the regular benefits under the Traditional medical coverage. Network benefits apply only when you use a Network provider. When a Network provider is not available, Non-Network benefits apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with Medicare and other coverage.

<p>After you meet the deductible, we pay the allowable charge (less your copayment or coinsurance) until you meet the annual catastrophic out-of-pocket maximum.</p>	<p>Network: After you meet the deductible, you pay the indicated copayments or coinsurance for covered services. You may choose to pay the copayments or coinsurance from your HSA, or you can pay for them out-of-pocket. If you have an HRA, we will withdraw the amount from your HRA if funds are available.</p> <p>Non-Network: After you meet the deductible, you pay the indicated coinsurance based on our Plan’s allowance and any difference between our allowance and the billed amount. You may choose to pay the copayments or coinsurance from your HSA, or you can pay for them out-of-pocket. If you have an HRA, we will withdraw the amount from your HRA if funds are available.</p>

Section 5(a). Medical services and supplies provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is \$2,000 for a Self Only enrollment or \$4,000 for a Self and Family enrollment. The family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this section.
- After you have satisfied your deductible, coverage begins for Traditional medical services.
- Under your Traditional medical coverage for covered medical expenses, you are responsible for your copayments for Network services and for coinsurance and amounts in excess of the Plan’s allowance for Non-Network services.
- The Non-Network benefits are the regular benefits of this Plan. Network benefits apply only when you use a Network provider. When a Network provider is not available, Non-Network benefits apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with Medicare and other coverage.
- **YOU MUST GET PREAUTHORIZATION FOR CERTAIN OUTPATIENT IMAGING PROCEDURES. FAILURE TO DO SO WILL RESULT IN A MINIMUM \$100 PENALTY PER OCCURRENCE.** Please refer to the preauthorization procedures in Section 3.

Section 5(b). Surgical and anesthesia services provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is \$2,000 for a Self Only enrollment or \$4,000 for a Self and Family enrollment. The family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this section.
- After you have satisfied your deductible, coverage begins for Traditional medical services.
- Under your Traditional medical coverage for covered medical expenses, you are responsible for your copayments for Network services and for coinsurance and amounts in excess of the Plan’s allowance for Non-Network services.
- The Non-Network benefits are the regular benefits of this Plan. Network benefits apply only when you use a Network provider. When a Network provider is not available, Non-Network benefits apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with Medicare and other coverage.
- The services listed below are for the charges billed by a physician or other health care professional for your surgical care. See Section 5(c) for charges associated with the facility (i.e. hospital, surgical center, etc.).
- PLEASE REMEMBER THAT ANY SURGICAL SERVICES THAT REQUIRE AN INPATIENT ADMISSION MUST BE PRECERTIFIED. Please refer to the precertification information shown in Section 3.

Organ/tissue transplants

Prior Authorization

All transplant procedures and transplant-related services, except corneal transplants, are subject to medical necessity and experimental/investigational review, and **must be preauthorized, even when other coverage, including Medicare, is your primary payor for health benefits.** You, your representative, the doctor, or the hospital must contact us before your evaluation as a potential candidate for a transplant procedure so we can arrange to review the evaluation results and determine whether the proposed procedure is approved for coverage. You must have our written approval for the procedure before the Plan will cover any transplant-related expenses.

Aetna Institutes of Excellence

The Plan participates in the Aetna Institutes of Excellence Transplant Network program. Because transplantation is a highly specialized area, not all Network hospitals are part of the Aetna Institutes of Excellence program.

- **To qualify for this program, you, your representative, the doctor, or the hospital must call us at 1-800-694-9901 as soon as the possibility of a transplant is discussed.** When you call, you will be given information about the program and participating facilities.
- To receive the Aetna Transplant Network level of benefits, you must choose an Aetna Institutes of Excellence facility, and all transplant-related services must be received at that facility.
- All transplant admissions must be precertified.
- To use the Aetna Institutes of Excellence program, this must be your primary plan for payment of benefits.

Travel Benefit – for patients using the Aetna Institutes of Excellence program, the Plan may approve reasonable travel, lodging and meal expenses (if the recipient lives more than 50 miles one-way from the facility) up to \$10,000 per transplant for the recipient and one companion (two companions if the recipient is a minor) and your organ donor, if applicable. For more information, contact us at 1-800-694-9901 before scheduling your pre-transplant evaluation.

Donor Coverage

We cover donor screening and search expenses for up to four (4) candidate donors per transplant occurrence.

We cover related medical and hospital expenses of the donor for the initial transplant confinement when we cover the recipient if these expenses are not covered under any other health plan.

Benefit Limitations

The maximum benefit for any organ/tissue transplant(s) is:

- Aetna Transplant Network: \$1,000,000 per occurrence, which includes the following transplant-related expenses: pre-transplant evaluation, inpatient and outpatient hospital care, physician services, postoperative follow-up care and donor expenses as described above. To use the Aetna Transplant Network, this must be your primary plan for payment of benefits. Benefits begin on the first date of evaluation for transplant and end one year after date of the transplant for solid organ transplants, or 6 months after the date of stem cell infusion for blood or marrow stem cell transplants.
- Network and Non-Network: \$200,000 per occurrence for Network services or \$100,000 per occurrence for Non-Network services. These benefit maximums include:
 - Solid organ transplants: all transplant-related expenses from the date of the transplant procedure until the date of discharge from the hospital following the procedure.
 - Autologous blood or marrow stem cell transplants: all inpatient and outpatient transplant-related services from the date of mobilization of stem cells to three months after the date of cell infusion.
 - Allogeneic blood or marrow stem cell transplants: all inpatient and outpatient transplant-related services from the date of pre-transplant high-dose ablation chemotherapy to three months after the date of cell infusion.

Expenses related to complications arising during the transplant admission are considered part of the same occurrence. Outpatient prescription drugs and approved travel expenses related to the transplant are not subject to the transplant maximums. See Section 5(c) for coverage of transplant-related services provided by a hospital.

Note: Benefits will be paid at the Network or Non-Network level of benefits if no Aetna Transplant Network provider is available.

Note: Chemotherapy, when supported by a bone marrow transplant or autologous stem cell support, is covered only for the specific diagnoses listed.

Note: Donor Leukocyte Infusion (DLI, sometimes referred to as a “boost” to a past bone marrow transplant) is covered under Section 5(a) and Section 5(c).

**Section 5(c). Services provided by a hospital or other facility
and ambulance services**

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is \$2,000 for a Self Only enrollment or \$4,000 for a Self and Family enrollment. The family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this section.
- After you have satisfied your deductible, coverage begins for Traditional medical services.
- Under your Traditional medical coverage for covered medical expenses, you are responsible for your copayments for Network services and for coinsurance and amounts in excess of the Plan’s allowance for Non-Network services.
- The Non-Network benefits are the regular benefits of this Plan. Network benefits apply only when you use a Network provider. When a Network provider is not available, Non-Network benefits apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with Medicare and other coverage.
- The amounts listed below are for the charges billed by the facility (i.e., hospital or surgical center) or ambulance service for your surgery or care. Any costs associated with the professional charge (i.e., physicians, etc.) are in Section 5(a) or Section 5(b).
- Note: Observation care is billed as outpatient facility care. As a result, benefits for observation care services are provided at the outpatient facility benefit levels described on page 63. See *Observation care*, Section 10, for more information about these types of services.
- Note: When you use a Network hospital, keep in mind that the professionals who provide services to you in the hospital, such as radiologists, emergency room physicians, anesthesiologists, and pathologists may not all be Network providers.
- **YOU MUST GET PRECERTIFICATION FOR HOSPITAL STAYS; FAILURE TO DO SO WILL RESULT IN A MINIMUM \$500 PENALTY.** Please refer to the precertification information shown in Section 3.

Section 5(d). Emergency services/accidents

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- These benefits are payable instead of any other benefits under this Plan for emergency treatment of accidental injuries and medical emergencies.
- The deductible is \$2,000 for a Self Only enrollment or \$4,000 for a Self and Family enrollment. The family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this section.
- After you have satisfied your deductible, coverage begins for Traditional medical services.
- Under your Traditional medical coverage for covered medical expenses, you are responsible for your copayments for Network services and for coinsurance and amounts in excess of the Plan’s allowance for Non-Network services.
- The Non-Network benefits are the regular benefits of this Plan. Network benefits apply only when you use a Network provider. When a Network provider is not available, Non-Network benefits apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with Medicare and other coverage.

What is an accidental injury? An accidental injury is a bodily injury sustained through external and accidental means, such as broken bones, animal bites, poisonings and injuries to sound natural teeth. Masticating (chewing) incidents are not considered to be accidental injuries.

What is a medical emergency? A medical emergency is the sudden and unexpected onset of a condition requiring immediate medical care. The severity of the condition, as revealed by the doctor’s diagnosis, must be such as would normally require emergency care. Medical emergencies include heart attacks, cardiovascular accidents, loss of consciousness or respiration, convulsions and such other acute conditions as may be determined by the Plan to be medical emergencies.

Section 5(f). Prescription drug benefits

Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on page 73.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is \$2,000 for a Self Only enrollment or \$4,000 for a Self and Family enrollment. The family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this section.
- After you have satisfied your deductible, coverage begins for Traditional medical services.
- Prescription drug benefits are available only when you obtain your covered medications from a Network retail pharmacy or the Mail order drug program.
- **YOU MUST GET PREAUTHORIZATION FOR CERTAIN DRUGS** including, but not limited to, preferred and non-preferred brand name drugs when a generic equivalent is available, oncology drugs and Specialty drugs. Prior approval/authorizations must be renewed periodically. For more information about preauthorization, please call us at 1-800-694-9901 or visit our website, www.MHBP.com.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with Medicare and other coverage.

There are important features about your prescription drug program you should be aware of. These include:

- **Who can write your prescription?** A licensed physician or dentist, and in states allowing it, licensed or certified Physician Assistant, Nurse Practitioner and Psychologist must prescribe your medication.
- **Where can you obtain them?** You may fill the prescription at a network pharmacy (“network” or “network pharmacy”) or by mail for certain drugs. Benefits are not available when you use a non-network pharmacy.
 - **Network pharmacy** – Present your Plan identification card at a network pharmacy to purchase prescription drugs. You must have the pharmacy file the claim electronically for you in order to receive the network pharmacy level benefit. Call us at 1-800-694-9901 or check the electronic directory via www.MHBP.com to locate the nearest network pharmacy.
 - **Non-network pharmacy** – Not covered.
 - **Mail order** – To obtain more information about the mail order drug program, order refills, check order status and request additional mail services envelopes and claim forms, or to ask questions about eligibility, copayments or other issues, call us at 1-800-694-9901 or visit our website at www.MHBP.com.
- **We use a formulary.** A formulary is a list of generic and preferred drugs (see below) that are available through this plan. It places all FDA approved drugs into categories based on their clinical effectiveness, safety and cost and is designed to control costs for you and the Plan. The categories include:
 - **Generic drug category** includes primarily generic drugs;
 - **Preferred drug category** (also called “formulary”) includes preferred brand-name drugs;
 - **Non-preferred drug category** (also called “non-formulary”) includes non-preferred brand-name drugs.

Occasionally, drugs may change from one category to another category, which can affect your cost-share amount. We will attempt to notify you when this occurs.

When you need a prescription, share the formulary with your physician and request a Generic or Preferred category drug if possible. By choosing Generic or Preferred category drugs, you may decrease your out-of-pocket expenses. While all FDA-approved drugs are available to you, we may have formulary restrictions on certain drugs, including but not limited to, quantity limits, age limits, dosage limits, brand exception and preauthorization. To request a copy of our current formulary, call us at 1-800-694-9901 or visit our website, www.MHBP.com.

- **A generic equivalent will be dispensed if it is available** when you obtain your prescription from a network pharmacy or through our mail order drug program. If you choose a brand name medication for which a generic medication exists, you will pay your cost-share plus the difference in cost between the brand name and generic medication. If you have a medical condition that requires a brand name drug your prescribing physician must obtain a brand exception. For information on how to obtain a brand exception, you or your physician should call us at 1-800-694-9901 or visit our website, www.MHBP.com. If the exception is not approved, your cost-sharing will be greater.

Prescription drugs *(continued)*

- **Why use generic drugs?** A generic drug is the chemical equivalent to a brand name drug, yet it costs much less. Choosing generic drugs rather than brand name drugs can reduce your out-of-pocket expenses. The U.S. Food and Drug Administration sets quality standards for generic drugs to ensure that these drugs meet the same standards of quality and strength as brand name drugs. They must contain the same active ingredients, be equivalent in strength and dosage, and meet the same standards for safety, purity and effectiveness as the original brand name product.
- **Generic drug incentive program.** You may be eligible for this program if you are currently taking a non-generic medication and switch to a generic replacement for that drug. If you qualify, you will receive a letter from CVS Caremark indicating that you can receive up to a 90-day supply of the generic drug at no cost to you. You must obtain the generic replacement by the expiration date in the letter at a network retail pharmacy (for up to three 30-day refills), or through our mail order drug program (for one 90-day refill).
- **Maintenance and long-term medications.** A long-term maintenance medication is one that is taken regularly for chronic conditions or long-term therapy. A few examples include medications for managing high blood pressure, asthma, diabetes or high cholesterol. We have an optional program that allows members to get up to 90-day refills at a CVS retail pharmacy for the same cost-sharing as mail order. Under the program, you may choose to get the initial prescription and two refills (up to a 30-day supply each) at a network retail pharmacy or through our mail order drug program (up to a 90-day supply). After the second refill at a retail pharmacy, additional refills must be obtained either from a CVS retail pharmacy or through our mail order drug program. You will receive a letter after your second refill that describes your benefits and provides instructions on how to obtain additional refills in up to a 90-day supply. You may choose **not** to participate in this program by calling CVS Caremark at 1-866-623-1441. If you exceed three fills at a network retail pharmacy and have not advised us that you do not want to participate in this program, you may experience a delay in receiving your medication until you contact us.
- **There are dispensing limitations.** All prescriptions will be limited to a 30-day supply for retail and a 90-day supply for mail order. Also, in most cases, refills cannot be obtained until 75% of the drug has been used. Occasionally, as part of regular review, we may recommend that the use of a drug is appropriate only with limits on its quantity, total dose, duration of therapy, age, gender or specific diagnoses. Since the prescription does not usually explain the reason your provider prescribed a medication, we may implement any of these limits and/or require preauthorization to confirm the intent of the prescriber.
- **Preauthorization.** We require preauthorization for certain drugs. To obtain a list of drugs that require preauthorization, please visit our website, www.MHBP.com or call CVS Caremark at 1-866-623-1441. We periodically review and update the preauthorization drug list in accordance with guidelines set by the US Food & Drug Administration (FDA), as a result of new drugs, new generic drugs, new therapies and other factors. Consult with your physician or pharmacist to determine if there are alternate drugs that do not require preauthorization and are appropriate for you. To request preauthorization, your physician may contact the CVS Caremark Preauthorization Department at 1-800-626-3046. CVS Caremark will work with your physician to obtain the information needed to evaluate the request. **You may contact CVS Caremark at 1-866 623-1441 for the status of your request and any questions you have regarding preauthorization.**
- **Specialty drugs**, including biotech drugs, require special handling and close monitoring and are used to treat chronic complex conditions including, but not limited to: hemophilia, immune deficiency, growth hormone deficiencies, multiple sclerosis, Crohn's disease, hepatitis C, HIV, hormonal disorders, rheumatoid arthritis and pulmonary disorders.
 - **These drugs require preauthorization to determine medical necessity and appropriate utilization.**
 - **A specialty preferred drug trial must be completed before a non-preferred specialty drug will be authorized.**
 - **Specialty drugs, including specialty oral and self-administered drugs, must be obtained from CVS Caremark Specialty Pharmacy.**
- We can accommodate your drug refill requests when you are called to active military duty or in the case of a declared emergency. Call us in advance at 1-800-694-9901 to request the accommodation.
- **The Plan conducts Drug Utilization Review (DUR).** When you fill your prescription at a network pharmacy or through the mail order drug program, we and/or the pharmacist may electronically access information about prior prescriptions, checking for harmful drug interactions, drug duplication, excessive use and the frequency of refills. DUR helps protect against potentially dangerous drug interactions or inappropriate use. When appropriate, your pharmacist(s) and/or CVS Caremark may contact your physician(s) to discuss an alternative drug or treatment option, prescription drug compliance, and the best and most cost-effective use of services. In addition, we may perform a periodic review of prescriptions to help ensure your safety and to provide health education and support. Upon review, we may contact you or your provider(s) to discuss your current medical situation and may offer assistance in coordinating care and treatment. For more information about this program, call us at 1-800-694-9901.
- **When you have to file a claim.** If you purchase prescriptions at a network pharmacy and you forget your MHBP ID card or the pharmacy is unable to file your claim electronically, mail your CVS Caremark claim form and prescription receipts to: CVS Caremark, Attn: Claims Department, PO Box 52196, Phoenix, AZ 85072-2196. Receipts must include the prescription number, name of drug, date, prescribing doctor's name, charge, name and address of drugstore and NDC number (included on the bill).

Prescription drug benefits begin on the next page

Prescription drugs *(continued)*

Benefits for all prescription drugs will be determined based on the fill date for the prescription.

- **All drugs may not be available through the mail order program.** Some of the drug classes that may not be available are: narcotics, hospital solutions and certain drugs such as antipsychotic agents and AIDS therapies and other drugs for which state or federal laws or medical judgment limit the dispensing amount to less than 90 days. In addition, some injectables may not be available through mail order services. However, these excluded drugs are covered under the retail prescription drug program. For questions about the mail order prescription drug program or to inquire about specific drugs or medications, please call us at 1-800-694-9901.

Section 5(g). Dental benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) dental plan, your FEHB plan will be the first/primary payor of any benefit payments and your FEDVIP plan is secondary to your FEHB plan. See Section 9 *Coordinating benefits with Medicare and other coverage*.
- The deductible is \$2,000 for a Self Only enrollment or \$4,000 for a Self and Family enrollment. The family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this section.
- After you have satisfied your deductible, coverage begins for Traditional medical services.
- Under your Traditional medical coverage for covered medical expenses, you are responsible for your copayments for Network services and for coinsurance and amounts in excess of the Plan’s allowance for Non-Network services.
- The Non-Network benefits are the regular benefits of this Plan. Network benefits apply only when you use a Network provider. When a Network provider is not available, Non-Network benefits apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with Medicare and other coverage.

Note: We cover hospitalization for dental procedures only when a non-dental impairment exists which makes hospitalization necessary to safeguard the health of the patient. We do not cover the dental procedure. See Section 5(c) for Inpatient hospital benefits.

Fees you pay for these services do not count toward FEHB deductibles or catastrophic protection out-of-pocket maximums. These programs are the responsibility of the Plan, and all appeals must follow our guidelines. For additional information contact us at 1-800-694-9901 or visit our website, www.MHBP.com.

This offer cannot be transferred, combined with other offers, or redeemed for cash.

Section 6. General exclusions – services, drugs and supplies we don't cover

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. Although we may list a specific service as covered, we will not cover it unless we determine it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition. For information on obtaining prior approval for specific services, such as transplants, see Section 3, *When you need prior Plan approval for certain services*.

We do not cover the following:

- Services, drugs, or supplies you receive while you are not enrolled in this Plan.
- Services, drugs, or supplies not medically necessary.
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice in the United States.
- Experimental or investigational procedures, treatments, drugs or devices.
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest.
- Services, drugs, or supplies for which there would be no charge if the covered individual had no health insurance coverage.
- Services, drugs, or supplies related to sex transformations, sexual dysfunctions or sexual inadequacy, penile prosthesis.
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program.
- Services, drugs, or supplies you receive without charge while in active military service.
- Services and supplies furnished by yourself, household members or immediate relatives, such as spouse, parents, grandparents, children, brothers or sisters by blood, marriage or adoption.
- Services, drugs, or supplies ordered or furnished by a non-covered provider.
- Services and supplies furnished or billed by a non-covered facility, except that medically necessary prescription drugs are covered.
- Services, drugs and supplies associated with care that is not covered, though they may be covered otherwise (e.g., Inpatient Hospital Benefits are not payable for non-covered cosmetic surgery).
- Any portion of a provider's fee or charge ordinarily due from the enrollee but that has been waived. If a provider routinely waives (does not require the enrollee to pay) a deductible, copayment or coinsurance, the Plan will calculate the actual provider fee or charge by reducing the fee or charge by the amount waived.
- Charges which the enrollee or Plan has no legal obligation to pay, such as excess charges for an annuitant age 65 or older who is not covered by Medicare Parts A and/or B (see page 95), doctor's charges exceeding the amount specified by the Department of Health & Human Services when benefits are payable under Medicare (limiting charge, see page 96), or State premium taxes however applied.
- Services, drugs and supplies for weight control or treatment of obesity, except surgery for documented morbid obesity (see page 52) and services covered under our weight management benefit (see page 35).
- Educational, recreational or milieu therapy, whether in or out of the hospital; biofeedback.
- Services and supplies for cosmetic purposes, except as provided under *Reconstructive Surgery*, Section 5(b).
- Unattended or home sleep studies.
- Massage therapy.
- Cardiac rehabilitation and pulmonary rehabilitation.
- Eyeglasses, contact lenses and hearing aids (air or bone conduction, etc.), except as provided under Section 5(a).
- Orthotics, splints, stents and appliances used to treat temporomandibular joint dysfunction and/or sleep apnea.
- Custodial care (see definition) or domiciliary care.
- Treatment of learning disorders or specific delays in development, treatment of mental retardation or intellectual disability.
- Treatment for binge eating disorder and gambling disorder
- Applied behavioral analysis (ABA) therapy.
- Travel, even if prescribed by a doctor, except as provided under the Aetna Institutes of Excellence transplant program or Ambulance benefit.
- Handling charges, administrative charges, delivery charges or late charges, including interest, billed by providers of care; charges for medical records; fees for missed appointments
- Genetic counseling and/or genetic screening (see *Definitions*, Section 10).
- Home test kits, except for covered diabetic testing kits and supplies for patients with the established diagnosis of diabetes and home INR (International Normalized Ratio) monitor and testing materials used in conjunction with anticoagulation therapy.
- Services and/or supplies not listed as covered in this brochure.
- "Never Events" are errors in patient care that can and should be prevented. We will follow the policy of the Centers for Medicare and Medicaid Services (CMS). The Plan will not cover care that falls under these policies. For additional information, visit www.cms.gov, enter Never Events into SEARCH.

Section 7. Filing a claim for covered services

This Section primarily deals with post-service claims (claims for services, drugs or supplies you have already received).

See Section 3 for information on pre-service claims procedures (services, drugs or supplies requiring prior Plan approval), including urgent care claims procedures.

How to claim benefits

To obtain claim forms, claims filing advice or answers about our benefits, contact us at 1-800-694-9901 or visit our website at www.MHBP.com.

In most cases, providers and facilities file claims for you. Your physician must file on the form CMS-1500, Health Insurance Claim Form. Your facility will file on the UB-04 form. All claims should be completed in ink or type that is readable by an optic scanner. For claims questions and assistance, call us at 1-800-694-9901.

When you must file a claim – such as for services you received overseas or when another group health plan is primary – submit it on the CMS-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Name of patient and relationship to enrollee;
- Plan identification number of the enrollee;
- Name, address and provider or employer tax identification of person or firm providing the service or supply;
- Dates that services or supplies were furnished;
- Diagnosis;
- Type of each service or supply; and
- The charge for each service or supply.

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

In addition:

- If another health plan is your primary payor, you must send a copy of the explanation of benefits (EOB) form you received from your primary payor (such as the Medicare Summary Notice (MSN)) with your claim.
- Bills for home nursing care must show that the nurse is a registered or licensed practical nurse.
- Claims for rental or purchase of durable medical equipment; private duty nursing; and physical, occupational, and speech therapy require a written statement from the physician specifying the medical necessity for the service or supply and the length of time needed.

Medical claims

After completing a claim form and attaching proper documentation, send medical claims to:

MHBP Medical Claims
PO Box 8402
London, KY 40742

Prescription drug claims

Claims for covered prescription drugs and supplies that are not ordered through the mail order prescription drug program or not purchased from and electronically filed with a participating CVS Caremark network pharmacy must include receipts that show the prescription number, NDC number (included on the bill), name of drug or supply, prescribing physician's name, date, charge and name and address of the pharmacy.

After completing a claim form and attaching proper documentation send prescription claims to:

CVS Caremark
Attn: Claims Department
PO Box 52196
Phoenix, AZ 85072-2196

Note: Do not include any medical or dental claims with your claims for drug benefits.

If all the required information is not included on the claim, the claim may be delayed or denied.

How to claim benefits *(continued)*

Overseas (foreign) claims

Overseas providers (those outside the continental United States, Alaska and Hawaii) will be paid at the Network level of benefits for covered services. Overseas hospitals and physicians are under no obligation to file claims for you. **You may be required to pay for the services at the time you receive them and then submit a claim to us for reimbursement.**

We will provide translation and currency conversion services for claims for overseas (foreign) services.

For inpatient hospital services, the exchange rate will be based on the date of admission. For all other services, we will apply the exchange rate for the date the services were rendered.

All foreign claim payments will be made directly to the enrollee except for services rendered to beneficiaries of the United States Department of Defense third party collection program.

Canceled checks, cash register receipts, or balance due statements are not acceptable.

Post-service claim procedures

We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

Records

Keep a separate record of the medical expenses of each covered family member as deductibles and maximum allowances apply separately to each person. Save copies of all medical bills, including those you accumulate to satisfy a deductible. In most instances they will serve as evidence of your claim. We will not provide year-end statements.

Deadline for filing your claim

Send us all the documents for your claim as soon as possible. You must submit all charges for each claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible. Once we pay benefits, there is a three-year limitation on the re-issuance of uncashed checks.

Note: You are responsible to ensure that your claims are filed in a timely manner. Check with your provider of care about their policies regarding filing of claims.

Direct Payment to hospital or provider of care

Claims that are submitted by the hospital will be paid directly to the hospital (with the exception of foreign claims). You may authorize direct payment to any other provider of care by signing the assignment of benefits section on the claim form, or by using the assignment form furnished by the provider of care. The provider of care's Tax Identification Number must accompany the claim. The Plan reserves the right to make payment directly to you, and to decline to honor the assignment of payment of any health benefits claim to any person or party.

Claims submitted by Network hospitals and medical providers will be paid directly to the hospital or provider.

Note: Benefits for services provided at Department of Defense, Veterans Administration or Indian Health Service facilities will be paid directly to the facility.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny benefits for your claim if we do not receive the requested information within 60 days. Our deadline for responding to your claim is stayed while we await all of the additional information needed to process your claim.

The Plan, its medical staff and/or an independent medical review, determines whether services, supplies and charges meet the coverage requirements of the Plan (subject to the disputed claims procedure described in Section 8, The disputed claims process). We are entitled to obtain medical or other information — including an independent medical examination — that we feel is necessary to determine whether a service or supply is covered.

Authorized representative

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, a health care professional with knowledge of your medical condition will be permitted to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

Notice Requirements

The Secretary of Health and Human Services has identified counties where at least 10 percent of the population is literate only in certain non-English languages. The non-English languages meeting this threshold in certain counties are Spanish, Chinese, Navajo and Tagalog. If you live in one of these counties, we will provide language assistance in the applicable non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as telephone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the health care provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes and its corresponding meaning, and the treatment code and its corresponding meaning.

Section 8. The disputed claims process

You may be able to appeal directly to the Office of Personnel Management (OPM) if we do not follow required claims processes. For more information about situations in which you are entitled to immediately appeal to OPM, including additional requirements not listed in Sections 3, 7 and 8 of this brochure, please visit www.MHBP.com.

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs or supplies have already been provided). In Section 3 *If you disagree with our pre-service claim decision*, we describe the process you need to follow if you have a claim for services, referrals, drugs or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Customer Service Department by writing to us at MHBP, PO Box 8402, London, KY 40742 or by calling us at 1-800-694-9901.

Our reconsideration will take into account all comments, documents, records, and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

When our initial decision is based (in whole or in part) on a medical judgment (i.e., medical necessity, experimental/investigational), we will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment and who was not involved in making the initial decision.

Our reconsideration decision will not afford deference to the initial decision and will be conducted by a plan representative who is neither the individual who made the initial decision that is the subject of the reconsideration, nor the subordinate of that individual.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits.

Disagreements between you and HealthEquity regarding the administration of your HSA, and between you and the Plan regarding the administration of your HRA, are not subject to the disputed claims process.

Step	Description
1	<p>Ask us in writing to reconsider our initial decision. You must:</p> <ul style="list-style-type: none"> a) Write to us within 6 months from the date of our decision; and b) Send your request to us at: MHBP, PO Box 8402, London, KY 40742; and c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms. e) Include your email address (optional), if you would like to receive our decision via email. Please note that by giving us your email, we may be able to provide our decision more quickly. <p>We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in Step 4.</p>

OPM will send you a final decision within 60 days. There are no other administrative appeals.</p> <p>If you do not agree with OPM's decision, your only recourse is to file a lawsuit. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that can not be extended.</p> <p>OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.</p> <p>You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.</p>

Note: **If you have a serious or life threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 1-800-694-9901. We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's Health Insurance 2 at 202-606-3818 between 8 a.m. and 5 p.m. Eastern Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a dependent is covered under this plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits.

Section 9. Coordinating benefits with Medicare and other coverage

When you have other health coverage

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays health care expenses without regard to fault. This is called “double coverage”.

When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ (NAIC) guidelines. For more information on NAIC rules regarding the coordinating of benefits, visit the NAIC website at www.NAIC.org.

When we are the primary payor, we will pay the benefits described in this brochure.

When we are the secondary payor, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit, or up to the member’s responsibility as determined by the primary plan if there is no adverse effect on you (that is, you do not pay any more), whichever is less. We will not pay more than our allowance. The combined payment from both plans may be less than (but will not exceed) the entire amount billed by the provider.

The provision applies whether or not a claim is filed under the other coverage. When applicable, authorization must be given to this Plan to obtain information about benefits or services available from the other coverage, or to recover overpayments from other coverages.

Please see Section 4, *Your costs for covered services*, for more information about how we pay claims.

- **TRICARE and CHAMPVA**

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. If TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs. If you are enrolled in the Uniformed Services Family Health Plan, MHBP is primary.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

- **Workers’ Compensation**

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers’ Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care.

- **Medicaid**

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal government agency directly or indirectly pays for them.

When others are responsible for injuries

If you (the enrollee or any covered family member) receive (or are entitled to) a monetary recovery from any source as the result of an accidental injury or illness, you are required to reimburse us out of that recovery for any and all of our benefits paid to diagnose and treat that illness or injury. This is known as our reimbursement right.

The Plan may also, at its option, pursue recovery on your behalf, which includes the right to file suit and make claims in your name. This is known as our subrogation right.

The following are examples of situations to which our right to subrogate or to assert a right of reimbursement applies:

- When you are injured on premises owned by a third party; or
- When you are injured and benefits are available to you under any law or under any type of insurance, including but not limited to:
 - No-fault insurance and other insurance that pays without regard to fault, including personal injury protection benefits, regardless of any election made by you to treat those benefits as secondary to this Plan
 - Third party liability coverage
 - Uninsured and underinsured motorist coverage
 - Workers' Compensation benefits
 - Medical reimbursement or payment coverage

Our reimbursement right applies even if the monetary recovery may not compensate you fully for all of the damages resulting from the injuries or illness. In other words, we are entitled to be reimbursed for those benefit payments even if you are not "made whole" for all of your damages by the compensation you receive.

Our right of reimbursement is not subject to reduction for attorney's fees under the "common fund" doctrine without our written consent. We are entitled to be reimbursed for 100% of the benefits we paid on account of the injuries or illness unless we agree in writing to accept a lesser amount.

We enforce this right of reimbursement by asserting a first priority lien against any and all recoveries you receive by court order or out-of-court settlement, insurance or benefit program claims, or otherwise, without regard to how it is characterized, for example as "pain and suffering."

You must cooperate with our enforcement of our right of reimbursement by:

- telling us promptly whenever you have filed a claim for compensation resulting from an accidental injury or illness and responding to our questionnaires;
- pursuing recovery of our benefit payments from the third party or available insurance company;
- accepting our lien for the full amount of our benefit payments;
- signing our Reimbursement Agreement when requested to do so;
- agreeing to assign any proceeds or rights to proceeds from third party claims or any insurance to us;
- keeping us advised of the claim's status;
- advising us of any recoveries you obtain, whether by insurance claim, settlement or court order, and;
- promptly reimbursing us out of any recovery received to the full extent of our right of reimbursement.

Failure to cooperate with these obligations may result in the temporary suspension of your benefits and/or offsetting of future benefits.

For more information about this process, please call our Third Party Recovery Services unit at 202-683-9140.

When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP)

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on BENEFEDS.com, you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

Clinical trials

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition, and is either Federally-funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration (FDA); or is a drug trial that is exempt from the requirement of an investigational new drug application.

If you are a participant in a clinical trial, this health plan will provide benefits for related care as follows, if it is not provided by the clinical trial:

- Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient’s condition, whether the patient is in a clinical trial or is receiving standard therapy. These costs are covered by this Plan.
- Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient’s routine care. This Plan does not cover these costs.
- Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This Plan does not cover these costs.

When you have Medicare

• What is Medicare?

Medicare is a health insurance program for:

- People 65 years of age or older
- Some people with disabilities under 65 years of age
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant)

Medicare has four parts:

- **Part A (Hospital Insurance).** Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (If you were a Federal employee at any time both before and during January 1983, you will receive credit for your Federal employment before January 1983.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE (1-800-633-4227), (TTY: 1-877-486-2048) for more information.
- **Part B (Medical Insurance).** Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.
- **Part C (Medicare Advantage).** You can enroll in a Medicare Advantage plan to get your Medicare benefits. We do not offer a Medicare Advantage plan. Please review the information on coordinating benefits with Medicare Advantage plans, page 93.
- **Part D (Medicare prescription drug coverage).** There is a monthly premium for Part D coverage. If you have limited savings and a low income, you may be eligible for Medicare’s Low-Income Benefits. For people with limited income and resources, extra help in paying for a Medicare prescription drug plan is available. For more information about this extra help, visit the Social Security Administration (SSA) online at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY: 1-800-325-0778). Before enrolling in Medicare Part D, please review the important disclosure notice from us about our prescription drug coverage and Medicare. This notice is on the first inside page of this brochure. The notice will give you guidance on enrolling in Medicare Part D.

- **Should I enroll in Medicare?**

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It's easy. Just call the Social Security Administration toll-free number 1-800-772-1213 (TTY: 1-800-325-0778) to set up an appointment to apply. If you do not apply for one or more Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**.

When you don't have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage. It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage. If you do not sign up for Medicare Part B when you are first eligible, you may be charged a Medicare Part B late enrollment penalty of a 10% increase in premium for every 12 months you are not enrolled. If you didn't take Part B at age 65 because you were covered under FEHB as an active employee (or you were covered under your spouse's group health insurance plan and he/she was an active employee), you may sign up for Part B (generally without an increased premium) within 8 months from the time you or your spouse stop working or are no longer covered by the group plan. You also can sign up at any time while you are covered by the group plan.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare Advantage is the term used to describe the various health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on the type of Medicare managed care plan you have.

(Please refer to page 95 for information about how we provide benefits when you are age 65 or older and do not have Medicare.)

- **The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

Claims process when you have the Original Medicare Plan – You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

- When we are the primary payor, we process the claim first.
- When Original Medicare is the primary payor, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. To find out if you need to do something to file your claim, call us at 1-800-694-9901 or see our website at www.MHBP.com.
- We will not waive any deductibles, copayments or coinsurance when the Original Medicare Plan is your primary payor.

Call us at 1-800-694-9901 or visit our website at www.MHBP.com/member-resources/medicare-coordination for more information about how we coordinate benefits with Medicare.

- **Tell us about your Medicare coverage**

You must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare. You must also tell us about other coverage you or your covered family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.
- **Private contract with your physician**

A physician may ask you to sign a private contract agreeing that you can be billed directly for services ordinarily covered by Original Medicare. Should you sign an agreement, Medicare will not pay any portion of the charges, and we will not increase our payment. We will still limit our payment to the amount we would have paid after Original Medicare's payment. You may be responsible for paying the difference between the billed amount and the amount we paid. We will not waive any deductibles, coinsurance or copayments when paying these claims.
- **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private health care choices (like HMOs and regional PPOs) in some areas of the country. To learn more about enrolling in a Medicare Advantage plan, contact Medicare at 1-800-MEDICARE (1-800-633-4227), (TTY: 1-877-486-2048) or at www.medicare.gov.

If you enroll in a Medicare Advantage plan, the following options are available to you:

This Plan and another plan's Medicare Advantage plan: You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area. However, we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare Advantage Plan, tell us. We will need to know whether you are in the Original Medicare Plan or in Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.
- **Medicare prescription drug coverage (Part D)**

When we are the primary payor, we process the claim first. If you enroll in Medicare Part D and we are the secondary payor, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly (Having coverage under more than two health plans may change the order of benefits determined on this chart).

When you are age 65 or over and do not have Medicare

Under the FEHB law, we must limit our payments for inpatient hospital care and physician care to those payments you would be entitled to if you had Medicare. Your physician and hospital must follow Medicare rules and cannot bill you for more than they could bill you if you had Medicare. You and the FEHB benefit from these payment limits. Outpatient hospital and non-physician based care are not covered by this law; regular Plan benefits apply. The following chart has more information about the limits.

If you:

- are age 65 or over, and
- do not have Medicare Part A, Part B, or both; and
- have this Plan as an annuitant or as a former spouse, or as a family member of an annuitant or former spouse; and
- are not employed in a position that gives FEHB coverage. (Your employing office can tell you if this applies.)

Then, for your inpatient hospital care:

- The law requires us to base our payment on an amount – the "equivalent Medicare amount" – set by Medicare's rules for what Medicare would pay, not on the actual charge.
- You are responsible for your applicable deductibles, coinsurance, or copayments under this Plan.
- You are not responsible for any charges greater than the equivalent Medicare amount; we will show that amount on the explanation of benefits (EOB) form that we send you.
- The law prohibits a hospital from collecting more than the "equivalent Medicare amount".

And, for your physician care, the law requires us to base our payment and your coinsurance or copayment on...

- an amount set by Medicare and called the "Medicare approved amount," or
- the actual charge if it is lower than the Medicare approved amount.

If your physician:	Then you are responsible for:
Participates with Medicare or accepts Medicare assignment for the claim and is a member of our Network,	your deductibles, coinsurance, and copayments.
Participates with Medicare and is not in our Network,	your deductibles, coinsurance, copayments, and any balance up to the Medicare approved amount.
Does not participate with Medicare,	your deductibles, coinsurance, copayments, and any balance up to 115% of the Medicare approved amount.

It is generally to your financial advantage to use a physician who participates with Medicare. Such physicians are permitted to collect only up to the Medicare approved amount.

Our explanation of benefits (EOB) form will tell you how much the physician or hospital can collect from you. If your physician or hospital tries to collect more than allowed by law, ask the physician or hospital to reduce the charges. If you have paid more than allowed, ask for a refund. If you need further assistance, call us at 1-800-694-9901.

When you have the Original Medicare Plan (Part A, Part B, or both)

We limit our payment to an amount that supplements the benefits that Medicare would pay under Medicare Part A (Hospital insurance) and Medicare Part B (Medical insurance), regardless of whether Medicare pays. Note: We pay our regular benefits for emergency services to an institutional provider, such as a hospital, that does not participate with Medicare and is not reimbursed by Medicare.

We use the Department of Veterans Affairs (VA) Medicare-equivalent Remittance Advice (MRA) when the statement is submitted to determine our payment for covered services provided to you if Medicare is Primary, when Medicare does not pay the VA facility.

When you are covered by Medicare Parts A and/or B and Medicare is primary, we will not waive any deductibles, copayments or coinsurance.

When you are covered by Medicare Part B and it is primary, your out-of-pocket costs for services that both Medicare Part B and we cover depend on whether your physician accepts Medicare assignment for the claim:

- If your physician accepts Medicare assignment:
 - You pay nothing if you have unused credit available under your HRA to pay the difference between the Medicare approved amount and Medicare’s payment.
 - After your HRA is exhausted and your deductible has been met, you pay either the difference between the Medicare approved amount and Medicare’s payment or your copayment amount, whichever is less.
- If your physician does not accept Medicare assignment:
 - You pay nothing if you have unused credit available under your HRA to pay the difference between Medicare’s “limiting charge” and Medicare’s payment.
 - After your HRA is exhausted and your deductible has been met, you pay either the difference between Medicare’s “limiting charge” or the physician’s actual charge (whichever is less) and our payment combined with Medicare’s payment.

It is important to know that a physician who does not accept Medicare assignment may not bill you for more than 115% of the amount Medicare bases its payment on, called the “limiting charge.” The Medicare Summary Notice (MSN) that Medicare will send you will have more information about the limiting charge. If your physician tries to collect more than allowed by law, ask the physician to reduce the charges. If the physician does not, report the physician to the Medicare carrier that sent you the MSN form. Call us if you need further assistance.

Section 10. Definitions of terms we use in this brochure

Accidental injury	A bodily injury sustained through external and accidental means, such as broken bones, animal bites, poisonings and injuries to sound natural teeth. Masticating (chewing) incidents are not considered to be accidental injuries.
Admission	The period from entry (admission) into a hospital or other covered facility until discharge. In counting days of inpatient care, the date of entry and the date of discharge are counted as the same day.
Assignment	An authorization by an enrollee or spouse for the Plan to issue payment of benefits directly to the provider. The Plan reserves the right to pay the member directly for all covered services.
Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Clinical trials cost categories	<p>An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition, and is either Federally-funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration (FDA); or is a drug trial that is exempt from the requirement of an investigational new drug application.</p> <p>If you are a participant in a clinical trial, this health plan will provide related care as follows, if it is not provided by the clinical trial:</p> <ul style="list-style-type: none">• Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient’s condition, whether the patient is in a clinical trial or is receiving standard therapy• Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient’s routine care• Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.
Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care. You may also be responsible for additional amounts. See page 20.
Congenital anomaly	A condition existing at or from birth which is a significant deviation from the common form or norm. For purposes of this Plan, congenital anomalies include protruding ear deformities, cleft lips, cleft palates, birthmarks, webbed fingers or toes, and other conditions that the Plan may determine to be congenital anomalies. In no event will the term congenital anomaly include conditions relating to teeth or intraoral structures supporting the teeth.
Convenient care clinic	A small healthcare facility, usually located in a high-traffic retail outlet, with a limited pharmacy, that provides non-emergency, basic health care services on a walk-in basis. Examples include Minute Clinic® in CVS retail stores and Take Care Clinic SM at Walgreens. Convenient care clinics are different from Urgent care centers (See <i>Urgent care center</i> , page 101).
Copayment	A copayment is a fixed amount of money you pay when you receive covered services. See page 20.
Cost-sharing	Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.
Covered services	Services we provide benefits for, as described in this brochure.

Custodial care	<p>The Plan determines what services are custodial in nature. Custodial care that lasts 90 days or more is sometimes known as Long term care. For instance, the following are considered custodial services:</p> <ul style="list-style-type: none"> • Help in walking; getting in and out of bed; bathing; eating (including help with tube feeding or gastrostomy) exercising and dressing; • Homemaking services such as making meals or special diets; • Moving the patient; • Acting as companion or sitter; • Supervising medication when it can be self administered; or • Services that anyone with minimal instruction can do, such as taking a temperature, recording pulse, respiration or administration and monitoring of feeding systems.
Deductible	<p>A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for those services. See page 20.</p>
Experimental or investigational services	<p>A drug, device, or biological product is experimental or investigational if the drug, device, or biological product cannot be lawfully marketed without approval of the U.S. Food and Drug Administration (FDA) and approval for marketing has not been given at the time it is furnished. Approval means all forms of acceptance by the FDA.</p> <p>A medical treatment or procedure, or a drug, device, or biological product is experimental or investigational if 1) reliable evidence shows that it is the subject of ongoing phase I, II, or III clinical trial or under study to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis; or 2) reliable evidence shows that the consensus of opinion among experts regarding the drug, device, or biological product or medical treatment or procedure is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis.</p> <p>Reliable evidence shall mean only published reports and articles in the authoritative medical and scientific literature; the written protocol or protocols used by the treating facility or the protocol(s) of another facility studying substantially the same drug, device, biological product, or medical treatment or procedure; or the written informed consent used by the treating facility or by another facility studying substantially the same drug, device, biological product, or medical treatment or procedure.</p> <p>If you wish additional information concerning the experimental/investigational determination process, please contact the Plan.</p>
Genetic screening	<p>The diagnosis, prognosis, management, and prevention of genetic disease for those patients who have no current evidence or manifestation of a genetic disease and those who we have not determined to have an inheritable risk of genetic disease.</p>
Genetic testing	<p>The diagnosis and management of genetic disease for those patients with current signs and symptoms, and for those who we have determined to have an inheritable risk of genetic disease.</p>
Group health coverage	<p>Health care coverage that a member is eligible for because of employment, by membership in, or connection with, a particular organization or group that provides payment for hospital, medical, or other health care services or supplies, or that pays a specific amount for each day or period of hospitalization if the specified amount exceeds \$200 per day, including extension of any of these benefits through COBRA.</p>
Health care professional	<p>A physician or other health care professional licensed, accredited, or certified to perform specified health services consistent with state law.</p>
Hospice care program	<p>A formal program directed by a doctor to help care for a terminally ill person. The services may be provided through either a centrally-administered, medically-directed, and nurse-coordinated program that provides primarily home care services 24 hours a day, seven days a week by a hospice team that reduces or abates mental and physical distress and meets the special stresses of a terminal illness, dying and bereavement, or through confinement in a hospice care program. The hospice team must include a doctor and a nurse (R.N.) and also may include a social worker, clergyman/counselor, volunteer, clinical psychologist, physical therapist, or occupational therapist.</p>

Incurred	An expense is incurred on the date a service or supply is rendered or received unless otherwise noted in this brochure.
Inpatient care	<p>Inpatient care is rendered to a person who has been admitted to a hospital for bed occupancy for purposes of receiving inpatient hospital services. Generally, a patient is considered an inpatient if formally admitted as inpatient with the expectation that the patient will remain at least overnight and occupy a bed. The hospital bills for inpatient room and board charges for each day (24 hour period) of the inpatient confinement as well as for hospital incidental services. Inpatient hospital benefits apply to services provided by the hospital during an inpatient admission.</p> <p>This Plan uses InterQual criteria to evaluate the appropriateness of inpatient care services.</p>
Medical emergency	The sudden and unexpected onset of a condition requiring immediate medical care. The severity of the condition, as revealed by the doctor's diagnosis, must be such as would normally require emergency care. Medical emergencies include heart attacks, cardiovascular accidents, loss of consciousness or respiration, convulsions and such other acute conditions as may be determined by the Plan to be medical emergencies.
Medical necessity	<p>Services, drugs, supplies, or equipment provided by a hospital or covered provider of health care services that the Plan determines:</p> <ol style="list-style-type: none"> 1. are appropriate to diagnose or treat the patient's condition, illness, or injury; 2. are consistent with standards of good medical practice in the United States; 3. are not primarily for the personal comfort or convenience of the patient, the family, or the provider; 4. are not a part of or associated with the scholastic education or vocational training of the patient; and 5. in the case of inpatient care, cannot be provided safely on an outpatient basis. <p>The fact that a covered provider has prescribed, recommended, or approved a service, supply, drug or equipment does not, in itself, make it medically necessary.</p>
Mental health/substance abuse	Conditions and diseases listed in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM) as psychoses, neurotic disorders or personality disorders; other nonpsychotic mental disorders listed in the ICD, to be determined by the Plan; or disorders listed in the ICD requiring treatment for abuse of or dependence upon substances such as alcohol, narcotics or hallucinogens.
Morbid obesity	A diagnosed condition in which the body mass index is 40 or greater, or 35 or greater with comorbidities such as diabetes, coronary artery disease, hypertension, hyperlipidemia, obstructive sleep apnea, pulmonary hypertension, weight-related degenerative joint disease, or lower extremity venous or lymphatic obstruction. Eligible members must be age 18 or older.
Observation care	<p>Observation care is a well-defined set of specific, clinically appropriate services, which include ongoing short term treatment, assessment, and reassessment, that are provided while a decision is being made regarding whether a patient will require further treatment as a hospital inpatient or whether the patient will be able to be discharged from the hospital. Observation services are commonly ordered for a patient who presents to the emergency room department and who then requires a significant period of treatment or monitoring in order to make a decision regarding their inpatient admission or discharge. Some hospitals will bill for observation room status (hourly) and hospital incidental services.</p> <p>If you are in the hospital for more than a few hours, always ask your physician or the hospital staff if your stay is considered inpatient or outpatient. Although you may stay overnight in a hospital room and receive meals and other hospital services, some hospital services - including "observation care" - are actually outpatient care. Since observation services are billed as outpatient care, outpatient facility benefit levels apply and your out-of-pocket expenses may be higher as a result.</p> <p>This Plan uses InterQual criteria to evaluate the appropriateness of observation care services.</p>
Orthopedic appliance	Any custom fitted external device used to support, align, prevent, or correct deformities, or to restore or improve function.

Plan allowance

Our Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Fee-for-service plans determine their allowances in different ways. We determine our allowance as follows:

Network allowance: an amount that we negotiate with each provider or provider group who participates in our network. For these Network allowances, the Network provider has agreed to accept the negotiated reduction and you are not responsible for the discounted amount. In these instances, the benefit we pay plus any applicable deductible, copayment or coinsurance you are responsible for equals payment in full.

Network allowance for mental health and substance abuse: a negotiated amount the mental health/substance abuse provider has agreed to accept as the negotiated reduction and you are not responsible for the discounted amount. In these instances, the benefit we pay plus any applicable deductible, copayment or coinsurance you are responsible for equals payment in full.

Participating provider allowance: If you receive services from a participating provider (see *Other Participating Providers*, page 10), the Plan's allowance will be the amount that the provider has negotiated and agreed to accept for the services and or supplies. Benefits will be paid at Non-Network benefit levels, subject to the applicable deductibles, coinsurance and copayments.

Non-Network allowance: the amount the Plan will consider for services provided by Non-Network providers. Non-Network allowances are determined as follows:

- For all dialysis services and all urine drug testing services, the Non-Network allowance is the maximum Medicare allowance for such services.
- For other than dialysis services and urine drug testing services, the following applies:
 - If you receive care in an area that has a fully developed Network (one in which you have adequate access to a Network provider), but you do not use a Network provider the Plan's allowance will be reduced to a rate that the Plan would have paid had you used a Network provider. This Non-Network allowance is based upon a fee schedule that represents an average of the Network fee schedules for a particular service in a particular geographic area. In industry terms, this is called a "blended" fee schedule. Member out-of-pocket costs resulting from the application of the blended rate fee schedule will be limited to no more than an additional \$5,000 (not including applicable coinsurance or copayments) beyond the out-of-pocket costs (not including applicable coinsurance or copayments) that would have been incurred if the blended rate had not been applied to the claim. This limitation on such additional out-of-pocket costs is applicable separately (per occurrence) to inpatient or outpatient hospital or ambulatory surgical center services and separately (per occurrence) to surgical fees. Other services to which the blended rate fee schedule applies are not subject to this limitation. We encourage you to call the Plan before scheduling any outpatient hospital or ambulatory surgical center services and/or surgery so that we may assist you, if possible, in avoiding situations where the blended rate fee schedule will be applied.

Note: For those members who do not have adequate access to a network provider (in terms of distance from where you receive care, or to a network provider), those members receiving emergency care, or where there is no "blended" fee schedule amount for the service or supply, the Plan's Non-Network allowance will be based on the Plan's out-of-network (OON) fee schedule (as described below), not the "blended" fee schedule.

- If you receive care in an area that does not have a fully developed network and use a Non-Network provider, the Non-Network allowance is the lesser of: (1) the provider's billed charge; or (2) the Plan's OON fee schedule amount. The Plan's OON fee schedule amount is equal to the 80th percentile amount for the charges listed in the Prevailing Healthcare Charges System or the Medicare Data Resources System administered by FAIR Health, Inc. if such a charge exists for the service or supply. If no FAIR Health charge exists, the OON fee schedule amount may be determined by using the iSight rate established by National Care Network. The OON fee schedule amounts vary by geographic area in which services are furnished.

For certain services, exceptions may exist to the use of the OON fee schedule to determine the Plan's Non-Network allowance, including, but not limited to, the use of Medicare fee schedule amounts. For claims governed by OBRA '90 and '93, the Plan allowance will be based on Medicare allowable amounts as is required by law. For claims where the Plan is the secondary payor to Medicare (Medicare COB situations), the Plan allowance is the Medicare allowable charge.

Plan allowance continued on next page

Plan allowance
(continued)

Network retail pharmacy allowance: the amount negotiated by the Plan’s pharmacy benefit manager with the pharmacy or pharmacy group at which the drug is purchased.

Non-Network retail pharmacy allowance: the guaranteed discounted price for the drug negotiated by the Plan in its contract with its pharmacy benefit manager.

Allowance for drugs provided by Network or Participating providers: the amount negotiated with each provider or provider group who participates in the respective network.

Allowance for drugs provided by Non-Network providers:

- The “blended” fee schedule amount as described above, if the drug is provided by a facility provider in a fully-developed network area
- 80% of the Average Wholesale Price (AWP) of the drug (or its equivalent if AWP data is no longer published), when
 - the drug is provided by a non-facility provider (e.g., a physician)
 - the drug is provided in a geographic area to which the blended fee schedule does not apply
 - there is no blended fee schedule amount available

We apply the National Correct Coding Initiative (NCCI) edits published by the Centers for Medicare and Medicaid Services (CMS) in reviewing billed services and making Plan benefit payments for them.

For more information, see *Differences between our allowance and the bill* in Section 4.

Post-service claims

Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.

Pre-service claims

Those claims (1) that require precertification, prior approval, or a referral and (2) where failure to obtain precertification, prior approval, or a referral results in a reduction of benefits.

Prosthetic appliance

An artificial substitute for a missing body part such as an arm, eye, or leg. This appliance may be used for a functional or cosmetic reason, or both.

Routine services

Services that are not related to any specific illness, injury, set of symptoms or maternity care.

Scooters

A power-operated vehicle (chair or cart) with a base that may extend beyond the edge of the seat, a tiller-type control mechanism which is usually center mounted and an adjustable seat that may or may not swivel.

Sound Natural Tooth

A tooth that has sound root structure and an intact, complete layer of enamel or has been properly restored with a material or materials approved by the ADA and has healthy bone and periodontal tissue.

Urgent care center

An ambulatory care center, outside of a hospital emergency department, that provides emergency treatment for medical conditions that are not life-threatening, but need quick attention, on a walk-in basis.

Urgent care claims

A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts:

- Waiting could seriously jeopardize your life or health;
- Waiting could seriously jeopardize your ability to regain maximum function; or
- In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Urgent care claims usually involve pre-service claims and not post-service claims. We will judge whether a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

If you believe your claim qualifies as an urgent care claim, please contact our Customer Service department at 1-800-694-9901. You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.

Section 11. Other Federal Programs

Please note, the following programs are not part of your FEHB benefits. They are separate Federal programs that complement your FEHB benefits and can potentially reduce your annual out-of-pocket expenses. These programs are offered independent of the FEHB Program and require you to enroll separately with no government contribution.

Important information about three Federal programs that complement the FEHB Program

First, the **Federal Flexible Spending Account Program**, also known as FSAFEDS, lets you set aside pre-tax money from your salary to reimburse you for eligible dependent care and/or health care expenses. You pay less in taxes so you save money. Participating employees can save an average of about 30% on products and services they routinely pay for out-of-pocket.

Second, the **Federal Employees Dental and Vision Insurance Program (FEDVIP)**, provides comprehensive dental and vision insurance at competitive group rates. There are several plans from which to choose. Under FEDVIP you may choose self only, self plus one, or self and family coverage for yourself and any eligible dependents.

Third, the **Federal Long Term Care Insurance Program (FLTCIP)** helps cover long term care costs, which are not covered under the FEHB Program.

The Federal Flexible Spending Account Program – FSAFEDS

What is an FSA?

It is an account where you contribute money from your salary **BEFORE** taxes are withheld, then incur eligible expenses and get reimbursed. You pay less in taxes so you save money.

Annuitants are not eligible to enroll.

There are three types of FSAs offered by FSAFEDS: Each type has a minimum annual election of \$100. The maximum annual election for a health care flexible spending account (HCFSA) or a limited expense health care spending account (LEX HCFSA) is \$2,500 per person. The maximum annual election for a dependent care flexible spending account (DCFSA) is \$5,000 per household.

- **Health Care FSA (HCFSA)** – Reimburses you for eligible out-of-pocket health care expenses (such as copayments, deductibles, **physician prescribed** over-the-counter medications, vision and dental expenses, and much more) for you and your tax dependents including adult children (through the end of the calendar year in which they turn 26).

FSAFEDS offers paperless reimbursement for your HCFSA through a number of FEHB and FEDVIP plans. This means that when you or your provider files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.

- **Limited Expense Health Care FSA (LEX HCFSA)** – Designed for employees enrolled in or covered by a High Deductible Health Plan with a Health Savings Account. Eligible expenses are limited to dental and vision care expenses for you and your tax dependents including adult children (through the end of the calendar year in which they turn 26).
- **Dependent Care FSA (DCFSA)** – Reimburses you for eligible **non-medical** day care expenses for your children under age 13 and/or for any person you claim as a dependent on your Federal Income Tax return who is mentally or physically incapable of self-care. You (and your spouse, if married) must be working, looking for work (income must be earned during the year), or attending school full time to be eligible for a DCFSA.

If you are a new or newly eligible employee you have 60 days from your hire date to enroll in an HCFSA or LEX HCFSA and/or DCFSA, but you must enroll before October 1. If you are hired or become eligible on or after October 1 you must wait and enroll during the Federal Benefits Open Season held each fall.

Where can I get more information about FSAFEDS?

Visit www.FSAFEDS.com or call an FSAFEDS Benefits Counselor toll-free at 1-877-FSAFEDS (1-877-372-3337) (TTY: 1-800-952-0450), Monday through Friday, 9 a.m. until 9 p.m., Eastern Time.

The Federal Employees Dental and Vision Insurance Program – FEDVIP

Important Information

The Federal Employees Dental and Vision Insurance Program (FEDVIP) is separate and different from the FEHB Program. **This Program provides comprehensive dental and vision insurance at competitive group rates with no pre-existing condition limitations for enrollment.**

FEDVIP is available to eligible Federal and Postal Service employees, retirees, and their eligible family members on an enrollee-pay-all basis. Premiums are withheld from salary on a pre-tax basis.

Dental Insurance

All dental plans provide a comprehensive range of services, including:

- Class A (Basic) services, which include oral examinations, prophylaxis, diagnostic evaluations, sealants and x-rays.
- Class B (Intermediate) services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments.
- Class C (Major) services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges and prosthodontic services such as complete dentures.
- Class D (Orthodontic) services with up to a 12-month waiting period. **Most FEDVIP dental plans cover adult orthodontia. Review your FEDVIP dental plan's brochure for information on this benefit.**

Vision Insurance

All vision plans provide comprehensive eye examinations and coverage for lenses, frames and contact lenses. Other benefits such as discounts on LASIK surgery may also be available.

Additional information

You can find a comparison of the plans available and their premiums on the OPM website at www.opm.gov/healthcare-insurance/dental-vision. This site also provides links to each plan's website, where you can view detailed information about benefits and preferred providers.

How do I enroll?

You enroll on the Internet at www.BENEFEDS.com. For those without access to a computer, call 1-877-888-3337 (TTY: 1-877-889-5680).

The Federal Long Term Care Insurance Program – FLTCIP

It's important protection

The Federal Long Term Care Insurance Program (FLTCIP) can help pay for the potentially high cost of long term care services, which are not covered by FEHB plans. Long term care is help you receive to perform activities of daily living such as bathing or dressing yourself - or supervision you receive because of a severe cognitive impairment such as Alzheimer's disease. For example, long term care can be received in your home from a home health aide, in a nursing home, in an assisted living facility or in adult day care. To qualify for coverage under the FLTCIP, you must apply and pass a medical screening (called underwriting). Federal and U.S. Postal Service employees and annuitants, active and retired members of the uniformed services, and qualified relatives are eligible to apply. Certain medical conditions, or combinations of conditions, will prevent some people from being approved for coverage. You must apply to know if you will be approved for enrollment. For more information, call 1-800-LTC-FEDS (1-800-582-3337) (TTY: 1-800-843-3557) or visit www.ltcfeds.com.

Summary of MHBP Consumer Option benefits – 2015

Do not rely on this chart alone. All benefits are subject to the definitions, limitations, and exclusions in this brochure. On this page we summarize specific expenses we cover; for more detail, look inside. If you want to enroll or change your enrollment in this Plan, be sure to put the correct enrollment code from the cover on your enrollment form.

In 2015, for each month you are eligible for the HSA, the Plan will deposit \$70.41 per month for a Self Only enrollment or \$140.83 per month for a Self and Family enrollment to your HSA. If you are not eligible for an HSA, the Plan will establish an HRA for you.

Traditional medical coverage (other than Network preventive care) is subject to the Consumer Option calendar year deductible of \$2,000 for a Self Only enrollment or \$4,000 for a Self and Family enrollment. You can choose to use the funds in your HSA to pay your deductible, or you can pay your deductible out-of-pocket. If you have an HRA, we will withdraw the amount from your HRA if funds are available. After you meet the deductible, you pay the indicated copayments or coinsurance for covered services up to the annual catastrophic protection maximum for out-of-pocket expenses. And, after we pay, you generally pay any difference between our allowance and the billed amount if you use a Non-Network provider.

2015 Rate Information for MHBP Consumer Option

Non-Postal rates apply to most non-Postal employees. If you are in a special enrollment category, refer to the *Guide to Federal Benefits* for that category or contact the agency that maintains your health benefits enrollment.

Postal rates apply to Postal Service employees. They are shown in special Guides published for APWU (including Material Distribution Center and Operating Services) NALC, NPMHU and NRLCA Career Postal Employees (see RI 70-2A); Information Technology/Accounting Services employees (see RI 70-2IT); Nurses (see RI 70-2N); Postal Service Inspectors and Office of Inspector General (OIG) law enforcement employees and Postal Career Executive Service employees (see RI 70-2IN); and non-career employees (see RI 70-8PS).

Postal Category 1 rates apply to career employees who are members of the APWU, NALC, NPMHU, or NRLCA bargaining units.

Postal Category 2 rates apply to career non-bargaining unit, non-executive, non-law enforcement employees, and non-law enforcement Inspection Service and Forensics employees.

For further assistance, Postal Service employees should call:

Human Resources Shared Service Center, 1-877-477-3273, option 5 (TTY: 1-866-260-7507)

Postal rates do not apply to non-career postal employees, postal retirees, or associate members of any postal employee organization who are not career postal employees. Refer to the applicable *Guide to Federal Benefits*.

Premiums for Tribal employees are shown under the monthly non-postal column. The amount shown under employee contribution is the maximum you will pay. Your Tribal employer may choose to contribute a higher portion of your premium. Please contact your Tribal Benefits Officer for exact rates.
