OFFICE OF THE DIRECTOR

Dear Federal Employees Health Benefits Program Participant:

I am pleased to present this 2004 Federal Employees Health Benefits (FEHB) Program plan brochure. The brochure describes the benefits this plan offers you for 2004. Because benefits vary from year to year, you should review your plan's brochure every Open Season – especially Section 2, which explains how the plan changed.

It takes a lot of information to help a consumer make wise healthcare decisions. The information in this brochure, our FEHB Guide, and our web-based resources, make it easier than ever to get information about plans, to compare benefits and to read customer service satisfaction ratings for the national and local plans that may be of interest. Just click on www.opm.gov/insure!

The FEHB Program continues to be an enviable national model that offers exceptional choice, and uses private-sector competition to keep costs reasonable, ensure high-quality care, and spur innovation. The Program, which began in 1960, is sound and has stood the test of time. It enjoys one of the highest levels of customer satisfaction of any healthcare program in the country.

I continue to take aggressive steps to keep the FEHB Program on the cutting edge of employer-sponsored health benefits. We demand cost-effective quality care from our FEHB carriers and we have encouraged Federal agencies and departments to pay the full FEHB health benefit premium for their employees called to active duty in the Reserve and National Guard so they can continue FEHB coverage for themselves and their families. Our carriers have also responded to my request to help our members to be prepared by making additional supplies of medications available for emergencies as well as call-up situations and you can help by getting an Emergency Preparedness Guide at www.opm.gov. OPM's *HealthierFeds* campaign is another way the carriers are working with us to ensure Federal employees and retirees are informed on healthy living and best-treatment strategies. You can help to contain healthcare costs and keep premiums down by living a healthy life style.

Open Season is your opportunity to review your choices and to become an educated consumer to meet your healthcare needs. Use this brochure, the FEHB Guide, and the web resources to make your choice an informed one. Finally, if you know someone interested in Federal employment, refer them to www.usajobs.opm.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Kay Coles James".

Kay Coles James
Director

Notice of the United States Office of Personnel Management's Privacy Practices

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

By law, the United States Office of Personnel Management (OPM), which administers the Federal Employees Health Benefits (FEHB) Program, is required to protect the privacy of your personal medical information. OPM is also required to give you this notice to tell you how OPM may use and give out ("disclose") your personal medical information held by OPM.

OPM **will** use and give out your personal medical information:

- To you or someone who has the legal right to act for you (your personal representative),
- To the Secretary of the Department of Health and Human Services, if necessary, to make sure your privacy is protected,
- To law enforcement officials when investigating and/or prosecuting alleged or civil or criminal actions, and
- Where required by law.

OPM **has the right** to use and give out your personal medical information to administer the FEHB Program. For example:

- To communicate with your FEHB health plan when you or someone you have authorized to act on your behalf asks for our assistance regarding a benefit or customer service issue.
- To review, make a decision, or litigate your disputed claim.
- For OPM and the General Accounting Office when conducting audits.

OPM **may** use or give out your personal medical information for the following purposes under limited circumstances:

- For Government health care oversight activities (such as fraud and abuse investigations),
- For research studies that meet all privacy law requirements (such as for medical research or education), and
- To avoid a serious and imminent threat to health or safety.

By law, OPM must have your written permission (an "authorization") to use or give out your personal medical information for any purpose that is not set out in this notice. You may take back ("revoke") your written permission at any time, except if OPM has already acted based on your permission.

By law, you **have the right** to:

- See and get a copy of your personal medical information held by OPM.
- Amend any of your personal medical information created by OPM if you believe that it is wrong or if information is missing, and OPM agrees. If OPM disagrees, you may have a statement of your disagreement added to your personal medical information.
- Get a listing of those getting your personal medical information from OPM in the past 6 years. The listing will not cover your personal medical information that was given to you or your personal representative, any information that you authorized OPM to release, or that was given out for law enforcement purposes or to pay for your health care or a disputed claim.
- Ask OPM to communicate with you in a different manner or at a different place (for example, by sending materials to a P.O. Box instead of your home address).
- Ask OPM to limit how your personal medical information is used or given out. However, OPM may not be able to agree to your request if the information is used to conduct operations in the manner described above.
- Get a separate paper copy of this notice.

For more information on exercising your rights set out in this notice, look at www.opm.gov/insure on the Web. You may also call 202-606-0191 and ask for OPM's FEHB Program privacy official for this purpose.

If you believe OPM has violated your privacy rights set out in this notice, you may file a complaint with OPM at the following address:

Privacy Complaints
United States Office of Personnel Management
P.O. Box 707
Washington, DC 20004-0707

Filing a complaint will not affect your benefits under the FEHB Program. You also may file a complaint with the Secretary of the United States Department of Health and Human Services.

By law, OPM is required to follow the terms in this privacy notice. OPM has the right to change the way your personal medical information is used and given out. If OPM makes any changes, you will get a new notice by mail within 60 days of the change. The privacy practices listed in this notice are effective April 14, 2003.

Introduction

This brochure describes the benefits of the SAMBA Health Benefit Plan under our contract (CS 1074) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. The address for the SAMBA Health Benefit Plan administrative offices is:

SAMBA Health Benefit Plan
11301 Old Georgetown Road
Rockville, MD 20852-2800

This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2004, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2004, and changes are summarized on [page 8](#). Rates are shown at the end of this brochure.

Plain Language

All FEHB brochures are written in plain language to make them responsive, accessible, and understandable to the public. For instance,

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee or family member, “we” or “us” means the SAMBA Health Benefit Plan.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean first.
- Our brochure and other FEHB plans’ brochures have the same format and similar descriptions to help you compare plans.

If you have comments or suggestions about how to improve the structure of this brochure, let OPM know. Visit OPM’s “Rate Us” feedback area at www.opm.gov/insure or e-mail OPM at fehwebcomments@opm.gov. You may also write to OPM at the U.S. Office of Personnel Management, Insurance Services Programs, Program Planning & Evaluation Group, 1900 E Street, NW, Washington, DC 20415-3650.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits Program premium.

OPM's Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things you can do to prevent fraud:

- Be wary of giving your plan identification (ID) number over the telephone or to people you do not know, except to your doctor, other provider, or authorized plan or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) that you receive from us.
- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at 1-800/638-6589 or 301/984-1440 (for TDD, use 301/984-4155) and explain the situation.
 - If we do not resolve the issue:

**CALL – THE HEALTH CARE FRAUD HOTLINE
202/418-3300**

OR WRITE TO:

**United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street, NW, Room 6400
Washington, DC 20415-1100**

- Do not maintain as a family member on your policy:
 - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
 - Your child over age 22 (unless he/she is disabled and incapable of self support).
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage.
- You can be prosecuted for fraud and your agency may take action against you if you falsify a claim to obtain FEHB benefits or try to obtain services for someone who is not an eligible family member or who is no longer enrolled in the Plan.

Preventing medical mistakes

An influential report from the Institute of Medicine estimates that up to 98,000 Americans die every year from medical mistakes in hospitals alone. That's about 3,230 preventable deaths in the FEHB Program a year. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. By asking questions, learning more and understanding your risks, you can improve the safety of your own health care, and that of your family members. Take these simple steps:

1. **Ask questions if you have doubts or concerns.**
 - Ask questions and make sure you understand the answers.
 - Choose a doctor with whom you feel comfortable talking.
 - Take a relative or friend with you to help you ask questions and understand answers.
2. **Keep and bring a list of all the medicines you take.**
 - Give your doctor and pharmacist a list of all the medicines that you take, including non-prescription medicines.
 - Tell them about any drug allergies you have.
 - Ask about side effects and what to avoid while taking the medicine.
 - Read the label when you get your medicine, including all warnings.
 - Make sure your medicine is what the doctor ordered and know how to use it.
 - Ask the pharmacist about your medicine if it looks different than you expected.
3. **Get the results of any test or procedure.**
 - Ask when and how you will get the results of test or procedures.
 - Don't assume the results are fine if you do not get them when expected, be it in person, by phone, or by mail.
 - Call your doctor and ask for your results.
 - Ask what the results mean for your care.
4. **Talk to your doctor about which hospital is best for your health needs.**
 - Ask your doctor about which hospital has the best care and results for your condition if you have more than one hospital to choose from to get the health care you need.
 - Be sure you understand the instructions you get about follow-up care when you leave the hospital.
5. **Make sure you understand what will happen if you need surgery.**
 - Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
 - Ask your doctor, "Who will manage my care when I am in the hospital?"
 - Ask your surgeon:
 - Exactly what will you be doing?
 - About how long will it take?
 - What will happen after surgery?
 - How can I expect to feel during recovery?
 - Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reaction to anesthesia, and any medications you are taking.

Section 1. Facts about this fee-for-service plan

This Plan is a fee-for-service (FFS) plan. You can choose your own physicians, hospitals, and other health care providers.

We reimburse you or your provider for your covered services, usually based on a percentage of the amount we allow. The type and extent of covered services, and the amount we allow, may be different from other plans. Read brochures carefully.

We also have Preferred Provider Organizations (PPO):

Our fee-for-service plan offers services through a PPO. When you use our PPO providers, you will receive covered services at reduced cost. SAMBA is solely responsible for the selection of PPO providers in your area. Contact us for the names of PPO providers and to verify their continued participation. You can also go to our Web page, which you can reach through the FEHB Web site, www.opm.gov/insure. Contact SAMBA to request a PPO directory.

The non-PPO benefits are the standard benefits of this Plan. PPO benefits apply only when you use a PPO provider. Provider networks may be more extensive in some areas than others. We cannot guarantee the availability of every specialty in all areas. If no PPO provider is available, or you do not use a PPO provider, the standard non-PPO benefits apply.

How we pay providers

When you use a PPO provider or facility, our Plan allowance is the negotiated rate for the service. You are not responsible for charges above the negotiated amount.

Non-PPO facilities and providers do not have special agreements with the Plan. When you use a non-PPO provider to perform the service or provide the supply, there are two methods we use to determine the Plan allowance; 1) the Plan uses the 75th percentile factor of claims data and fee information gathered for specific geographic areas by Medical Data Research (MDR) or 2) in geographic areas where access to a PPO provider was available but the patient did not use a PPO provider, our allowance is based on the average PPO negotiated rate for that region. You will be responsible for amounts over the Plan allowance.

We also obtain discounts from some non-PPO providers. When we obtain discounts through negotiations with providers (PPO or non-PPO), we pass along the savings to you.

Your Rights

OPM requires all FEHB Plans to provide certain information to their FEHB members. You may get information about us, our networks, providers, and facilities. OPM's FEHB Web site (www.opm.gov/insure) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- SAMBA was established in 1948
- SAMBA is a non-profit employee association

If you want more information about us, call 1-800/638-6589 or 301/984-1440 (for TDD, use 301/984-4155), or write to SAMBA 11301 Old Georgetown Road, Rockville, MD 20852-2800. You may also contact us by fax at 301/984-6224 or visit our Web site at www.SambaPlans.com.

Section 2. How we change for 2004

Do not rely on these change descriptions; this page is not an official statement of benefits. For that, go to [Section 5 Benefits](#). Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Program-wide changes

- We added information regarding two new Federal Programs that complement FEHB benefits, the Federal Flexible Spending Account Program - *FSAFEDS* and the Federal Long Term Care Insurance Program. [See page 71](#).
- We added information regarding preventing medical mistakes. [See page 6](#).
- We added information regarding enrolling in Medicare. [See page 19](#).
- We revised the Medicare Primary Payer Chart. [See page 61](#).

Changes to this Plan

- Your share of the SAMBA premium will **decrease** by 4% for Self Only or 3.3% for Self and Family.
- There are no benefit changes for 2004.

Other changes

- Enrollment in the SAMBA Health Benefit Plan has been extended to include all divisions and agencies of the Department of Homeland Security (DHS).
- Your provider of service can now electronically submit your claims directly to SAMBA by using our payer ID number (37259), which is listed on your SAMBA health insurance identification card.
- We have introduced an enhanced interactive Web site located at www.SambaPlans.com where you can view your claim history, order prescription refills, obtain valuable medical information and much more.

Section 3. How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your Employee Express confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 1-800/638-6589 or 301/984-1440 (for TDD, use 301/984-4155) or write to us at SAMBA, 11301 Old Georgetown Road, Rockville, MD 20852-2800. You may also request replacement cards through our Web site: www.SambaPlans.com.

Where you get covered care

You can get care from any “covered provider” or “covered facility.” How much we pay – and you pay – depends on the type of covered provider or facility you use. If you use our preferred providers, you will pay less.

- **This Plan’s PPOs**

We have entered into arrangements (geographically) with CareFirst BlueCross BlueShield (CareFirst) and First Health Group Corp. (First Health) to offer Preferred Provider Organization (PPO) Networks to SAMBA enrollees. See below to determine which PPO Network services your area.

- Enrollees who reside in the District of Columbia, Maryland, the Virginia counties of Arlington, Clarke, Culpeper, Fairfax, Fauquier, Frederick, Loudoun, Orange, Prince William, Rappahannock, Spotsylvania, and Stafford, and the cities of Alexandria, Fairfax, Falls Church, and Fredericksburg may utilize the CareFirst PPO Network. Call CareFirst customer service toll-free, 1-877/691-5856, for information concerning the PPO.
- Enrollees outside the CareFirst service areas (listed above) may utilize the First Health PPO Network. Call First Health at 1-800/346-6755 to confirm provider participation and identify Network providers.
- **Managed Care Advisor (MCA) Program** — Enrollees in the First Health service areas lacking Network access (as determined by the Plan) may join the Plan’s Managed Care Advisor (MCA) Program. Refer to [Section 5\(g\) on page 49](#) for additional information.

PPO benefits apply only when you use a PPO provider. Provider networks may be more extensive in some areas than others. The availability of every specialty in all areas cannot be guaranteed. If no PPO provider is available the standard non-PPO benefits apply.

Note: Use of a participating Network doctor or hospital does not guarantee that the associated ancillary providers such as specialists, emergency room doctors, anesthesiologists, radiologists, and pathologists participate in the Network. Subject to the Plan’s definitions, limitations and exclusions, the Plan pays its PPO benefits as outlined in this brochure when services are provided by a doctor or other provider participating in the Plan’s PPO Network. If you use a non-PPO provider, the standard non-PPO benefits will apply as outlined in this brochure. When you phone for an appointment, please remember to verify that the physician or facility is still a PPO Network provider.

• **Covered providers**

We consider the following to be covered providers when they perform services within the scope of their license or certification:

- doctor of medicine (M.D.)
- doctor of osteopathy (D.O.)
- doctor of podiatry (D.P.M.)

Other covered providers include, but are not limited to:

- dentist (D.D.S., D.M.D.)
- chiropractor
- qualified clinical psychologist
- clinical social worker
- optometrist
- nurse midwife
- nurse practitioner/clinical specialist
- Christian Science practitioner listed in the Christian Science Journal

Medically underserved areas. Note: We cover any licensed medical practitioner for any covered service performed within the scope of that license in states OPM determines are “medically underserved.” For 2004, the states are: Alabama, Idaho, Kentucky, Louisiana, Maine, Mississippi, Missouri, Montana, New Mexico, North Dakota, South Carolina, South Dakota, Texas, Utah, West Virginia, and Wyoming.

• **Covered facilities**

Covered facilities include:

- Ambulatory surgical center — a facility that operates primarily for the purpose of performing same-day surgical procedures.
- Birthing center — a licensed or certified facility approved by the Plan, that provides services for nurse midwifery and related maternity services.
- Convalescent nursing home — an institution that:
 - 1) is legally operated
 - 2) mainly provides services for persons recovering from illness or injury. The services are provided for a fee from its patients, and include both:
 - (a) room and board; and
 - (b) 24-hour-a-day nursing service.
 - 3) provides the services under the full-time supervision of a doctor or registered graduate nurse (R.N.)
 - 4) keeps adequate medical records, and
 - 5) if not supervised by a doctor, it has the services of one available under a fixed agreement. But, Convalescent nursing home does not include an institution or part of one that is used mainly as a place of rest or for the aged.
- Hospital —
 - 1) An institution that is accredited under the hospital accreditation program of the Joint Commission on Accreditation of Healthcare Organizations, or
 - 2) Any other institution that is operated pursuant to law, under the supervision of a staff of doctors and with 24-hour-a-day nursing service by a registered graduate nurse (R.N.) or a licensed practical nurse (L.P.N.), and primarily engaged in providing acute inpatient care and treatment of sick and injured persons through medical, diagnostic and major surgical facilities, all of which must be provided on its premises or under its control.

Christian Science sanatoriums operated, or listed as certified, by the First Church of Christ, Scientist, Boston, Massachusetts, are included.

- Rehabilitation facility — an institution specifically engaged in the rehabilitation of persons suffering from alcoholism or drug addiction which meets all of these requirements:
 - 1) It is operated pursuant to law.
 - 2) It mainly provides services for persons receiving treatment for alcoholism or drug addiction. The services are provided for a fee from its patients, and include both: (a) room and board; and (b) 24-hour-a-day nursing service.
 - 3) It provides the services under the full-time supervision of a doctor or registered graduate nurse (R.N.).
 - 4) It keeps adequate patient records which include: (a) the course of treatment; and (b) the person's progress; and (c) discharge summary; and (d) follow-up programs.
- Skilled nursing facility — an institution or that part of an institution that provides skilled nursing care 24 hours a day and is classified as a skilled nursing care facility under Medicare.

What you must do to get covered care

It depends on the kind of care you want to receive. You can go to any provider you want, but we must approve some care in advance.

Transitional care:

Specialty care: If you have a chronic or disabling condition and

- lose access to your specialist because we drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Plan, or
- lose access to your PPO specialist because we terminate our contract with your specialist for other than cause,

you may be able to continue seeing your specialist and receiving any PPO benefits for up to 90 days after you receive notice of the change. Contact us or, if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist and any PPO benefits continue until the end of your postpartum care, even if it is beyond the 90 days.

Hospital care:

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at 1-800/638-6589 or 301/984-1440 (for TDD, use 301/984-4155).

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- You are discharged, not merely moved to an alternative care center; or
- The day your benefits from your former plan run out; or
- The 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such case, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

How to Get Approval for...

• Your hospital stay

Precertification is the process by which – prior to your inpatient hospital admission – we evaluate the medical necessity of your proposed stay and the number of days required to treat your condition. Unless we are misled by the information given to us, we won't change our decision on medical necessity.

In most cases, your physician or hospital will take care of precertification. Because you are still responsible for ensuring that we are asked to precertify your care, you should always ask your physician or hospital whether they have contacted us.

Warning:

We will reduce our benefits for the inpatient hospital stay by \$500 if no one contacts us for precertification. If the stay is not medically necessary, we will not pay any inpatient benefits.

How to precertify an admission:

- You, your representative, your doctor, or your hospital must call CareFirst or First Health before admission. If you live in the CareFirst service area ([defined on page 9](#)), call CareFirst at 1-866/PRE-AUTH (1-866/773-2884) toll-free. Call First Health from all other areas at 1-800/346-6755 toll-free.
- If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the doctor, or the hospital must telephone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital.
- Provide the following information:
 - Enrollee's name and Plan identification number;
 - Patient's name, birth date, and phone number;
 - Reason for hospitalization, proposed treatment, or surgery;
 - Name and phone number of admitting doctor;
 - Name of hospital or facility; and
 - Number of planned days of confinement.
- We will then tell the doctor and/or hospital the number of approved inpatient days and we will send written confirmation of our decision to you, your doctor, and the hospital.

Maternity care

You do not need to precertify a maternity admission for a routine delivery. However, if your medical condition requires you to stay more than 48 hours after a vaginal delivery or 96 hours after a cesarean section, then you, your physician or the hospital must contact us for precertification of additional days. Further, if your baby stays after you are discharged, then you, your physician or the hospital must contact us for precertification of additional days for your baby.

If your hospital stay needs to be extended:

If your hospital stay – including for maternity care – needs to be extended, you, your representative, your doctor or the hospital must ask us to approve the additional days.

What happens when you do not follow the precertification rules

If no one contacted us, we will decide whether the hospital stay was medically necessary.

- If we determine that the stay was medically necessary, we will pay the inpatient charges, less the \$500 penalty.
- If we determine that it was not medically necessary for you to be an inpatient, we will not pay inpatient hospital benefits. We will only pay for any covered medical supplies and services that are otherwise payable on an outpatient basis.

If we denied the precertification request, we will not pay inpatient hospital benefits. We will only pay for any covered medical supplies and services that are otherwise payable on an outpatient basis.

When we precertified the admission but you remained in the hospital beyond the number of days we approved and did not get the additional days precertified, then:

- for the part of the admission that was medically necessary, we will pay inpatient benefits, but
- for the part of the admission that was not medically necessary, we will pay only medical services and supplies otherwise payable on an outpatient basis and will not pay inpatient benefits.

Exceptions:

You do not need precertification in these cases:

- You are admitted to a hospital outside the United States.
- You have another group health insurance policy that is the primary payer for the hospital stay.
- Your Medicare Part A is the primary payer for the hospital stay. Note: If you exhaust your Medicare hospital benefits and do not want to use your Medicare lifetime reserve days, then we will become the primary payer and you **do** need precertification.

• Other services

Some services require a referral, precertification, or prior authorization.

- Rental or purchase (at our option) of covered durable medical equipment (DME) or orthopedic and prosthetic devices requires a referral from Homelink. In addition, preauthorization is required once accumulated rental charges or single purchase price exceeds \$1,000. Call Homelink at 1-877/SAMBA04 (1-877/726-2204) for more information.
- Private duty nursing services must be preauthorized by SAMBA; call 1-800/638-6589 or 301/984-1440 (for TDD, use 301/984-4155).
- Preauthorization is required for covered outpatient services for the treatment of mental conditions and substance abuse when treatment continues beyond 10 visits per person, per calendar year. Call 1-800/245-7013 in the CareFirst service area ([defined on page 9](#)), in all other areas call 1-800/346-6755 to obtain preauthorization.

Warning:

We will reduce our benefits to 80% of the benefit otherwise payable if no one contacts us for preauthorization. In addition, if the services are not medically necessary, we will not pay any benefits.

- We cover Growth hormone therapy (GHT) drugs in [Section 5\(f\)](#) when we preauthorize the treatment. Call SAMBA at 1-800/638-6589 or 301/984-1440 (for TDD, use 301/984-4155) for preauthorization. If we determine GHT is not medically necessary, we will not cover the GHT or related services and supplies.

Note: The precertification process for organ transplants is more extensive than the normal precertification process. See [Section 5\(b\) on page 33](#).

Section 4. Your costs for covered services

This is what you will pay out-of-pocket for your covered care:

- **Copayments**

A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive services.

Example: When you see your PPO physician you pay a copayment of \$20 per visit.

We also have a separate copayment for:

- Inpatient hospital confinement; PPO: \$200 per admission, non-PPO: \$300 per admission
- Outpatient services facility charge; PPO: \$100 per facility, per day, non-PPO: \$150 per facility, per day

- **Deductible**

A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for them. Copayments, coinsurance and prescription drug program charges do not count toward any deductible.

- The calendar year deductible is \$350 per person. Under a family enrollment, the deductible is satisfied for all family members when the combined covered expenses applied to the calendar year deductible for family members reach \$700.
- We also have separate deductibles for:
 - Certain covered expenses for the treatment of mental health and substance abuse. The calendar year deductible is \$350 per person/\$700 per family.
 - Expenses for dental treatment of an accidental injury to sound, natural teeth; \$100 per person, per accident.

Note: If you change plans during open season, you do not have to start a new deductible under your old plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

- **Coinsurance**

Coinsurance is the percentage of our allowance that you must pay for your care. In most cases, coinsurance doesn't begin until you meet your deductible.

Example: You pay 10% of our allowance for in-network or 30% of our allowance for out of network laboratory services.

Note: If your provider routinely waives (does not require you to pay) your copayments, deductibles, or coinsurance, the provider is misstating the fee and may be violating the law. In this case, when we calculate our share, we will reduce the provider's fee by the amount waived.

For example, if your physician ordinarily charges \$100 for a service but routinely waives your 30% coinsurance, the actual charge is \$70. We will pay \$49 (70% of the actual charge of \$70).

- **Differences between our allowance and the bill**

Our “Plan allowance” is the amount we use to calculate our payment for covered services. Fee-for-service plans arrive at their allowances in different ways, so their allowances vary. For more information about how we determine our Plan allowance, see the definition of Plan allowance in [Section 10](#).

Often, the provider’s bill is more than a fee-for-service plan’s allowance. Whether or not you have to pay the difference between our allowance and the bill will depend on the provider you use.

- **PPO providers** agree to limit what they will bill you. Because of that, when you use a preferred provider, your share of covered charges consists only of your deductible and coinsurance or copayment. Here is an example about coinsurance: You see a PPO physician who charges \$150, but our allowance is \$100. If you have met your deductible, you are only responsible for your coinsurance. That is, you pay just 10% of our \$100 allowance (\$10). Because of the agreement, your PPO physician will not bill you for the \$50 difference between our allowance and his bill.
- **Non-PPO providers**, on the other hand, have no agreement to limit what they will bill you. When you use a non-PPO provider, you will pay your deductible and coinsurance – **plus** any difference between our allowance and charges on the bill. Here is an example: You see a non-PPO physician who charges \$150 and our allowance is again \$100. Because you’ve met your deductible, you are responsible for your coinsurance, so you pay 30% of our \$100 allowance (\$30). Plus, because there is no agreement between the non-PPO physician and us, he can bill you for the \$50 difference between our allowance and his bill.

The following table illustrates the examples of how much you have to pay out-of-pocket for services from a PPO physician vs. a non-PPO physician. The table uses our example of a service for which the physician charges \$150 and our allowance is \$100. The table shows the amount you pay if you have met your calendar year deductible.

EXAMPLE	PPO provider	Non-PPO provider
Surgical charge	\$150	\$150
Our allowance	We set it at: 100	We set it at: 100
We pay	90% of our allowance: 90	70% of our allowance: 70
You owe: Coinsurance	10% of our allowance: 10	30% of our allowance: 30
+Difference up to charge?	No: 0	Yes: 50
TOTAL YOU PAY	\$10	\$80

Your catastrophic protection out-of-pocket maximum for deductibles, coinsurance, and copayments

For those services with coinsurance, we pay 100% of the plan allowance for the remainder of the calendar year after out-of-pocket expenses for the deductibles, copayments and coinsurance in that calendar year exceed:

- PPO: \$4,000 for you and each covered family member when PPO providers are used.
- Non-PPO: \$6,000 for you and each covered family member. Eligible PPO expenses will also count toward this limit.

Out-of-pocket expenses for the purposes of this benefit are the:

- \$350 calendar year deductible,
- \$350 mental health deductible,
- \$200 PPO and \$300 non-PPO per inpatient hospital confinement copayment,
- \$100 PPO and \$150 non-PPO outpatient facility services copayment,
- \$20 office visit copayment under PPO benefits and the coinsurance you pay for:
 - Medical services and supplies provided by physicians and other health care professionals;
 - Surgical and anesthesia services provided by physicians and other health care professionals;
 - Services provided by a hospital or other facility, and ambulance services;
 - Emergency services/accidents (after 72 hours); and
 - Mental health and substance abuse benefits

The following cannot be counted toward out-of-pocket expenses:

- the dental accident deductible;
- expenses in excess of the Plan allowance or maximum benefit limitations;
- coinsurance for orthopedic and prosthetic devices, durable medical equipment (DME) or private duty nursing care not authorized (see [Section 3, page 13](#));
- copayments under prescription drug benefits;
- the cost difference between a name brand drug and its generic equivalent; and
- any portion of the \$700 out-of-pocket expenses you pay for inpatient hospice care.

• Carryover

If you changed to this Plan during open season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you got in January before the effective date of your coverage in this Plan. If you have already met the covered out-of-pocket maximum expense level in full, your old plan's catastrophic protection benefit will continue to apply until the effective date. If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date. The old plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

When Government facilities bill us

Facilities of the Department of Veterans Affairs, the Department of Defense, and the Indian Health Service are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow.

If we overpay you

We will make diligent efforts to recover benefit payments we made in error but in good faith. We may reduce subsequent benefit payments to offset overpayments.

When you are age 65 or over and you do not have Medicare

Under the FEHB law, we must limit our payments for **inpatient hospital care** and **physician care** to those benefits you would be entitled to if you had Medicare. And, your physician and hospital must follow Medicare rules and cannot bill you for more than they could bill you if you had Medicare. You and the FEHB benefit from these payment limits. Outpatient hospital and non-physician based care is not covered by this law; regular Plan benefits apply. The following chart has more information about the limits.

If you...

- are age 65 or over, and
- do not have Medicare Part A, Part B, or both; and
- have this Plan as an annuitant or as a former spouse, **or** as a family member of an annuitant or former spouse; and
- are not employed in a position that gives FEHB coverage. (Your employing office can tell you if this applies.)

Then, for your inpatient hospital care,

- the law requires us to base our payment on an amount – the “equivalent Medicare amount” – set by Medicare’s rules for what Medicare would pay, not on the actual charge;
- you are responsible for your applicable deductibles, coinsurance, or copayments you owe under this Plan;
- you are not responsible for any charges greater than the equivalent Medicare amount; we will show that amount on the explanation of benefits (EOB) form that we send you; and
- the law prohibits a hospital from collecting more than the Medicare equivalent amount.

And, for your physician care, the law requires us to base our payment and your coinsurance on...

- an amount set by Medicare and called the “Medicare approved amount,” or
- the actual charge if it is lower than the Medicare approved amount.

If your physician...	Then you are responsible for...
Participates with Medicare or accepts Medicare assignment for the claim and is a member of our PPO network,	your deductibles, coinsurance, and copayments;
Participates with Medicare and is not in our PPO network,	your deductibles, coinsurance, copayments, and any balance up to the Medicare approved amount;
Does not participate with Medicare,	your deductibles, coinsurance, copayments, and any balance up to 115% of the Medicare approved amount

It is generally to your financial advantage to use a physician who participates with Medicare. Such physicians are permitted to collect only up to the Medicare approved amount.

Our explanation of benefits (EOB) form will tell you how much the physician or hospital can collect from you. If your physician or hospital tries to collect more than allowed by law, ask the physician or hospital to reduce the charges. If you have paid more than allowed, ask for a refund. If you need further assistance, call us.

When you have the Original Medicare Plan (Part A, Part B, or both)

We limit our payment to an amount that supplements the benefits that Medicare would pay under Medicare Part A (Hospital insurance) and Medicare Part B (Medical insurance), regardless of whether Medicare pays. Note: We pay our regular benefits for emergency services to an institutional provider, such as a hospital, that does not participate with Medicare and is not reimbursed by Medicare.

If you are covered by Medicare Part B and it is primary, your out-of-pocket costs for services that both Medicare Part B and we cover depend on whether your physician accepts Medicare assignment for the claim.

- If your physician **accepts** Medicare assignment, then you pay nothing for covered charges.
- If your physician **does not accept** Medicare assignment, then you pay the difference between the “limiting charge” or the physician’s charge (whichever is less) and our payment combined with Medicare’s payment.

It’s important to know that a physician who does not accept Medicare assignment may not bill you for more than 115% of the amount Medicare bases its payment on, called the “limiting charge.” The Medicare Summary Notice (MSN) that Medicare will send you will have more information about the limiting charge. If your physician tries to collect more than allowed by law, ask the physician to reduce the charges. If the physician does not, report the physician to your Medicare carrier who sent you the MSN form. Call us if you need further assistance.

Should I enroll in Medicare?

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It’s easy. Just call the Social Security Administration toll-free number 1-800-772-1213 to set up an appointment to apply. If you do not apply for one or both Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. Medicare Part A covers hospital stays, skilled nursing facility care and other expenses. When you don’t have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage. It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Medicare Part B covers doctors’ services and outpatient hospital care. Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage.

Please see [Section 9, Coordinating benefits with other coverage](#), for more information about how we coordinate benefits with Medicare.

Section 5. Benefits – OVERVIEW

Here are some important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible is: \$350 per person (\$700 per family). The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
- The non-PPO benefits are the standard benefits of this Plan. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.
- Be sure to read [Section 4, Your costs for covered services](#), for valuable information about how cost sharing works, with special sections for members who are age 65 or over. Also read [Section 9](#) about coordinating benefits with other coverage, including with Medicare.

Here are some important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible is: \$350 per person (\$700 per family). The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
- The non-PPO benefits are the standard benefits of this Plan. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.
- Be sure to read [Section 4, Your costs for covered services](#), for valuable information about how cost sharing works, with special sections for members who are age 65 or over. Also read [Section 9](#) about coordinating benefits with other coverage, including with Medicare.
- The amounts listed below are for the charges billed by a physician or other health care professional for your surgical care. Look in [Section 5\(c\)](#) for charges associated with the facility (i.e. hospital, surgical center, etc.).
- **YOU MUST GET PRECERTIFICATION OF SOME SURGICAL PROCEDURES. Please refer to [Organ/tissue transplants \(page 33\)](#) for information regarding the National Transplant Program/Centers of Excellence.**

Section 5 (e). Mental health and substance abuse benefits

You may choose to get care In-Network or Out-of-Network. When you receive In-Network care, you must get our approval for services and follow a treatment plan we approve. If you do, cost-sharing and limitations for In-Network mental health and substance abuse benefits will be no greater than for similar benefits for other illnesses and conditions.

Here are some important things to keep in mind about these benefits:

- Services must be provided by an In-Network provider to receive PPO benefits.
- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- We have a separate \$350 per person (\$700 per family) calendar year deductible which applies to almost all benefits for the treatment of mental health and substance abuse. For example, doctors' inpatient hospital visits for a physical illness or disease applies to the Plan's standard calendar year deductible. If the services are rendered to treat mental health or substance abuse, the separate mental health and substance abuse calendar year deductible applies. We added "(No deductible)" to show when a deductible does not apply.
- Be sure to read [Section 4, *Your costs for covered services*](#), for valuable information about how cost sharing works. Also read [Section 9](#) about coordinating benefits with other coverage, including with Medicare.
- **YOU MUST GET PREAUTHORIZATION OF THESE SERVICES.** See the instructions after the benefits descriptions below.
- In-Network mental health and substance abuse benefits are below, then Out-of-Network benefits begin on [page 43](#).

Preauthorization

To be eligible to receive enhanced mental health and substance abuse benefits you must obtain a treatment plan and follow all of the authorization processes. These include obtaining Plan certification for:

- The medical necessity of your admission to a hospital or other covered facility prior to admission. Emergency admissions must be reported within two business days following the day of admission even if you have been discharged. Otherwise, the benefits payable will be reduced by \$500.
- Outpatient treatment beyond 10 visits per person, per calendar year, and day or aftercare treatment (partial hospitalization). If preauthorization is not obtained, benefits will be reduced to 80% of the benefit otherwise payable.

Note: To obtain preauthorization and to locate a Network provider, call 1-800/245-7013 in the CareFirst service area (defined on [page 9](#)). In all other areas, call 1-800/346-6755.

Network limitation

If you do not obtain an approved treatment plan, we will provide only Out-of-Network benefits.

Lifetime maximum

Out-of-Network inpatient care for the treatment of alcoholism and drug abuse is limited to two treatment programs (30-day each maximum) per lifetime.

Precertification

To be eligible to receive mental health and substance abuse benefits you must follow your treatment plan and all of our authorization processes. These include obtaining Plan certification for:

- The medical necessity of your admission to a hospital or other covered facility prior to admission. Emergency admissions must be reported within two business days following the day of admission even if you have been discharged. Otherwise, the benefits payable will be reduced by \$500. See [Section 3](#) for details.
- Outpatient treatment beyond 10 visits per person, per calendar year and day or aftercare treatment (partial hospitalization). If preauthorization is not obtained, benefits will be reduced to 80% of the benefit otherwise payable.

To obtain preauthorization, call 1-800/245-7013 toll-free in the CareFirst service area (defined on [page 9](#)). In all other areas call 1-800/346-6755 toll-free.

See these sections of the brochure for more valuable information about these benefits:

Here are some important things to keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- All benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible is: \$350 per person (\$700 per family). The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
- The non-PPO benefits are the standard benefits of this Plan. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.
- Be sure to read [Section 4, *Your costs for covered services*](#), for valuable information about how cost sharing works, with special sections for members who are age 65 or over. Also read [Section 9](#) about coordinating benefits with other coverage, including with Medicare.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed physician or other covered provider acting within the scope of their license must write the prescription.
- **Where you can obtain them.** You may fill the prescription at a participating Plan network pharmacy, a non-network pharmacy, or by mail. To receive the Plan’s maximum benefit, you must fill the prescription at a plan pharmacy, or by mail for a maintenance medication.
- **We use a formulary.** The formulary identifies preferred name brand drugs that have been selected for their clinical effectiveness and opportunities to help contain your and SAMBA’s costs. Our formulary applies to drugs received from a network retail pharmacy or our mail order program. Your copayment is less for drugs listed on the formulary than those that are not. You may obtain a list of formulary medications online at www.medcohealth.com or call 1-800/283-3478.
- **These are the dispensing limitations.**
 - You may purchase up to a 30-day supply of covered drugs or supplies through the Medco Health system available at most pharmacies. Call toll-free 1-800/283-3478 to locate a Plan network pharmacy in your area. For each prescription drug, supply or refill purchased at the pharmacy there is a copayment of \$10 generic, \$25 formulary name brand and \$40 non-formulary name brand.
 - You may purchase up to a 90-day supply of covered drugs or supplies through the mail order program. You order your prescription or refill by mail from the Medco Health Home Delivery Pharmacy service. The Home Delivery Pharmacy service will fill your prescription. For each prescription drug, supply or refill purchased at the pharmacy there is a copayment of \$10 generic, \$35 formulary name brand and \$50 non-formulary name brand.

Note: If your physician prescribes a medication that will be taken over an extended period of time, you should request two prescriptions – one to be used for the participating Plan network pharmacy and the other for the Home Delivery Pharmacy service. You may obtain up to a 30-day supply right away through the prescription card program, and up to a 90-day supply from the Home Delivery Pharmacy service.

If you should be called to active military duty or require an extended supply of medication(s) to meet your needs in time of national or other emergency, contact the Plan immediately.

- A generic equivalent will be dispensed if it is available, unless your physician specifically requires a name brand. If you receive a name brand drug when a Federally-approved generic drug is available, and your physician has not specified “dispense as written” for the name brand drug, you have to pay the difference in cost between the name brand drug and the generic.

Prescription drug benefits – continued on next page

Section 5 (f). Prescription drug benefits *(continued)*

- **Why use generic drugs?** Generic drugs are lower-priced drugs that are the therapeutic equivalent to more expensive name brand drugs. They must contain the same active ingredients and must be equivalent in strength and dosage to the original name brand product. Generics cost less than the equivalent name brand product. The U.S. Food and Drug Administration sets quality standards for generic drugs to ensure that these drugs meet the same standards of quality and strength as name brand drugs. Using the most cost-effective medication saves money.

- **To claim benefits.**

- From a pharmacy – When you purchase medication from a network pharmacy use your SAMBA Health Insurance Identification Card, which serves as a Medco Health Identification Card. In most cases, you simply present the card, together with the prescription, to the pharmacist; the claim is automatically filed through the Medco Health system.

If you do not use your identification card when purchasing your medication, or you use a non-network pharmacy, you must complete a direct reimbursement claim form to claim benefits. You may obtain these forms by calling Medco Health toll-free at 1-800/283-3478. Service is available 7 days a week, 24 hours a day. Follow the instructions on the form and mail it to:

Medco Health Solutions, Inc.
P. O. Box 2187
Lee's Summit, MO 64063-2187

Note: Reimbursement will be limited to SAMBA's cost had you used a participating pharmacy minus the copayments described above.

- By mail – The Plan will send you information on the Medco Health Home Delivery service:
 1. Ask your doctor to give you a new prescription for up to a 90-day supply of your regular medication plus refills, if appropriate;
 2. Complete the patient profile questionnaire the first time you order under the program; and
 3. Complete a mail order envelope, enclose your prescriptions, and mail them along with the required copayment – \$10 generic, \$35 formulary name brand and \$50 non-formulary name brand – for each prescription or refill to:

Medco Health Home Delivery Pharmacy Service
P. O. Box 1016
Summit, NJ 07902-9884

You must pay your share of the cost by check, money order, VISA, Discover, or MasterCard (complete the space provided on the order envelope to use your charge card).

You will receive forms for refills and future prescription orders each time you receive drugs or supplies under the Program. In the meantime, if you have any questions about a particular drug or a prescription, and to request your first order forms, you may call 1-800/283-3478 toll-free. Customer service is available 7 days a week, 24 hours a day.

Note: As at your local pharmacy, if you request a name brand prescription but your doctor has not required it, you will be responsible for the difference in price between the name brand drug and its generic equivalent.

Prescription drug benefits – continued on next page

Section 5 (f). Prescription drug benefits *(continued)*

- **Coordinating with other drug coverage.**

If you have prescription drug coverage through another insurance carrier, and SAMBA is secondary, follow the procedures outlined below.

When another insurance carrier is primary you should use that carrier's prescription drug benefits.

However, if you elect to use the Home Delivery Pharmacy service, you will be billed directly for the full discounted cost of the covered medication. Pay the Home Delivery Pharmacy service the amount billed and submit the bill to your primary insurance carrier. After their consideration submit the claim and the explanation of benefits (EOB) directly to the Medco Health office at:

Medco Health Solutions, Inc.
P. O. Box 2187
Lee's Summit, MO 64063-2187

Should you elect to use a retail pharmacy, pay the full cost of the covered medication (do not show your SAMBA Health Insurance Identification Card). Submit the bill to your primary insurance carrier. After their consideration, submit the claim and the explanation of benefits (EOB) directly to the Medco Health office at:

Medco Health Solutions, Inc.

Special features	Description
Flexible benefits option	<p>Under the flexible benefits option, we determine the most effective way to provide services.</p> <ul style="list-style-type: none"> • We may identify medically appropriate alternatives to traditional care and coordinate other benefits as a less costly alternative benefit. • Alternative benefits are subject to our ongoing review. • By approving an alternative benefit, we cannot guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and we may withdraw it at any time and resume regular contract benefits. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process.
Managed Care Advisor (MCA) Program	<p>Enrollees in the First Health service area lacking Network access may join the Plan's Managed Care Advisor (MCA) Program offered through First Health Group Corp. To determine eligibility and to join the MCA Program, call First Health at 1-800/346-6755. A First Health representative will help you select a primary care physician who will manage all of your medical needs. If your primary care physician recommends specialty care, you or your provider must contact First Health at 1-800/346-6755 for a referral. Enrollees who join and comply with the requirements of the MCA Program will receive the Plan's enhanced PPO benefits (subject to the Plan's definitions, limitations, and exclusions).</p>
24-hour nurse line	<p>Enrollees in the First Health service area (see page 9) may access Health Resource Line by calling First Health Group Corp. at 1-800/346-6755. Health Resource Line is a 24-hour, seven-day-a-week nurse advisor line that answers general medical questions, provides educational materials, assists you in making health care decisions, and assists in locating Network providers.</p>
Services for deaf and hearing impaired	<p>SAMBA has a TDD line for the hearing-impaired: 301/984-4155 (TDD equipment is needed).</p>
High risk pregnancies	<p>The precertification program will provide maternity patients and their attending doctors with information that will assist in effective management of prenatal care. This service includes monitoring of prenatal care by a nurse, identifying potential risk factors and providing literature about important prenatal topics. To obtain this service, call the precertification number for your area when your pregnancy is confirmed. (This portion of the program is not available to maternity patients in the CareFirst Service Area.)</p>

Section 5 (i). Non-FEHB benefits available to Plan members

The benefits on this page are not part of the FEHB contract or premium, **and you cannot file an FEHB disputed claim about them.** Fees you pay for these services do not count toward FEHB deductibles or out-of-pocket maximums.

Terrorism Coverage	Without charge, SAMBA provides its members a \$100,000 accident policy payable upon death or dismemberment caused by an act of terrorism within the United States – \$50,000 if on official assignment overseas – provided they are enrolled under the SAMBA Health Benefit Plan, Group Term Life Insurance or Disability Income Protection Program.
SAMBA's Other Group Insurance Plans	Below is a brief description of other group insurance plans available through SAMBA. Plan provisions, certain exclusions, eligibility requirements and underwriting guidelines apply for each plan. For more details, contact SAMBA toll-free at 1-800/638-6589.
Group Term Life	This low-cost plan allows you to provide financial protection for your family in the event of your untimely death. Plus, the plan includes free accidental death and dismemberment coverage. The benefit doubles in the event of a covered accidental death plus an additional 50% of the original amount if the member is killed in the line of duty.
Dependents Group Term Life	To help ease economic consequences of the loss of a spouse or child, SAMBA offers this plan, which protects your whole family for one low-cost premium.
Supplemental Group Term Life	SAMBA offers you additional protection at attractive group rates to members and spouses enrolled in the basic Group Term Life Plan.
Disability Income Protection	In the event of a long-term illness or disability, this plan provides much-needed income for you and your family. The plan pays up to 65% of your insured salary tax-free. In addition, the plan pays 70% of your insured salary for each day you or your spouse are hospitalized, and 35% for hospitalized children.
Long-Term Care	Our customized plans help you cover the high cost of long-term care. Members, spouses, parents, parents-in-law and children qualify for benefits that help pay for nursing home care, home health care, adult day care and respite care.
Dental and Vision Care Plan	SAMBA offers you and your family a choice of two comprehensive Dental and Vision Care Plans: 1) The DMO Dental Plan , for which you select a Primary Care dentist and receive a broad range of coverage and savings, or 2) The Alternate Dental Plan , which provides flexibility to receive coverage for care from any licensed dentist. Both plans provide coverage for a wide range of dental procedures from basic dental care to oral surgery and dentures, and include the same vision care benefits for eye examinations, frames, and lenses (or contact lenses).
Dependent Children Health Benefit Plan	Your child's coverage under your Federal Employees Health Benefits Program (FEHBP) plan generally terminates 31 days after your child turns 22, even if your child is a full-time student. Available only to members who are enrolled in the SAMBA Health Benefit Plan, SAMBA offers you an affordable health plan for your unmarried children ages 22 to 27. Your child does not have to be a student to be eligible, just wholly dependent upon you for support and maintenance.
Personal Legal & Financial Services Plans	SAMBA offers a choice of two affordable plans that help protect you from expenses and worries that life's unexpected legal situations can trigger. All plans include personal wills for you and your spouse. In addition, you have access to unlimited, toll-free consultations with financial planners and attorneys who can answer questions and review or draft basic legal documents. Depending on the plan option you choose, the legal fees are either discounted or paid for you in full by the plan.

The above is a brief description of the non-FEHB plans available. All Plan benefits are subject to the definitions, limitations and exclusions set forth in the official Plan documents.

Section 6. General exclusions — things we don't cover

The exclusions in this section apply to all benefits. **Although we may list a specific service as a benefit, we will not cover it unless we determine it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition.** The fact that one of our covered providers has prescribed, recommended, or approved a service or supply does not make it medically necessary or eligible for coverage under this Plan.

We do not cover the following:

- Services, drugs, or supplies you receive while you are not enrolled in this Plan;
- Services, drugs, or supplies that are not medically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice in the United States;
- Experimental or investigational procedures, treatments, drugs or devices;
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest;
- Procedures, services, drugs, and supplies related to sex transformations, sexual dysfunction or sexual inadequacy, e.g., Viagra, Muse, Caverject, penile prosthesis;
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program;
- Services when no charge would be made if the covered individual had no health insurance coverage;
- Services, drugs, or supplies you receive without charge while in active military service;
- Services and supplies furnished by immediate relatives or household members, such as your parents, your spouse, and your own and your spouse's children, brothers and sisters by blood, marriage or adoption;
- Noncovered facilities, except that medically necessary prescription drugs are covered;
- Services and supplies not specifically listed as covered;
- Any portion of a provider's fee or charge ordinarily due from the enrollee but that has been waived. If a provider routinely waives (does not require the enrollee to pay) a deductible, copayment or coinsurance, the Carrier will calculate the actual provider fee or charge by reducing the fee or charge by the amount waived;
- Charges the enrollee or Plan has no legal obligation to pay, such as: excess charges for an annuitant age 65 or older who is not covered by Medicare Parts A and/or B (see [page 18](#)), doctor charges exceeding the amount specified by the Department of Health and Human Services when benefits are payable under Medicare (limiting charge) (see [page 19](#)), or State premium taxes however applied;
- Dental treatment, including X-rays and treatment by a dentist or oral surgeon except to the extent shown in [Section 5\(h\)](#);
- Dental appliances, study models, splints and other devices or services associated with the treatment of temporomandibular joint (TMJ) dysfunction;
- Eyeglasses or hearing aids, or examinations for them, except as shown in [Section 5\(a\)](#);
- Treatment of learning disabilities;
- Marital counseling;
- Practitioners who do not meet the definition of covered provider on [page 10, Section 3](#);
- Charges for services and supplies that exceed the Plan allowance;
- Services in connection with custodial care as defined on [page 64](#);
- Services in connection with: corns; calluses; toenails; weak, strained, or flat feet; any instability or imbalance of the foot; or any metatarsalgia or bunion, including related orthotic devices, except as listed on [page 27, Section 5\(a\)](#);
- Services by a massage therapist;
- Services by a naturopathic practitioner;
- Services and supplies for cosmetic purposes, e.g., Retin A, Minoxidil, Rogaine; or
- Fees for medical records not requested by the Plan.

Section 7. Filing a claim for covered services

How to claim benefits

To obtain claim forms or other claims filing advice or answers about our benefits, contact us at 1-800/638-6589 or 301/984-1440 (for TDD, use 301/984-4155), or at our Web site at www.SambaPlans.com.

In most cases, providers and facilities file claims for you. Your physician must file on the form HCFA-1500, Health Insurance Claim Form. Your facility will file on the UB-92 form. For claims questions and assistance, call us at 1-800/638-6589 or 301/984-1440 (for TDD, use 301/984-4155).

When you must file a claim – such as for services you receive overseas or when another group health plan is primary – submit it on the HCFA-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Name of patient and relationship to enrollee;
- Plan identification number of the enrollee;
- Name and address of person or firm providing the service or supply;
- Dates that services or supplies were furnished;
- Diagnosis;
- Type of each service or supply; and
- The charge for each service or supply.

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

In addition:

- You must send a copy of the explanation of benefits (EOB) from any primary payer (such as the Medicare Summary Notice (MSN)) with your claim.
- Bills for private duty nursing must show that the nurse is a registered or licensed practical nurse.
- Claims for rental or purchase of durable medical equipment; private duty nursing; and physical, occupational, and speech therapy require a written statement from the physician specifying the medical necessity for the service or supply and the length of time needed. Rental or purchase of durable medical equipment costing in excess of \$1,000 and private duty nursing care must be preauthorized by SAMBA. See [page 13, Section 3](#).

Note: Claims for prescription drugs and supplies are addressed in [Section 5\(f\), page 45](#).

Records

Keep a separate record of the medical expenses of each covered family member as deductibles and maximum allowances apply separately to each person. Save copies of all medical bills, including those you accumulate to satisfy a deductible. In most instances they will serve as evidence of your claim. We will not provide duplicate or year-end statements.

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible. Once we pay benefits, there is a three-year limitation on the reissuance of uncashed checks.

Overseas claims

Claims for overseas (foreign) services should include an English translation. Charges should be converted to U.S. dollars using the exchange rate applicable to the date the service was rendered. For inpatient hospital services, the exchange rate will be based on the date of admission. Send itemized bills for covered services provided by hospitals or doctors outside the United States to SAMBA, 11301 Old Georgetown Road, Rockville, MD 20852-2800.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny your claim if you do not respond.

Section 8. The disputed claims process

Follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your claim or request for services, drugs, or supplies – including a request for preauthorization/prior approval:

Step	Description
1	<p>Ask us in writing to reconsider our initial decision. You must:</p> <ul style="list-style-type: none">(a) Write to us within 6 months from the date of our decision; and(b) Send your request to us at: SAMBA, 11301 Old Georgetown Road, Rockville, MD 20852-2800; and(c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and(d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.
2	<p>We have 30 days from the date we receive your request to:</p> <ul style="list-style-type: none">(a) Pay the claim or approve your request for coverage; or(b) Write to you and maintain our denial – go to step 4; or(c) Ask you or your provider for more information. If we ask your provider, we will send you a copy of our request—go to step 3.
3	<p>You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.</p> <p>If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have.</p> <p>We will write to you with our decision.</p>
4	<p>If you do not agree with our decision, you may ask OPM to review it.</p> <p>You must write to OPM within:</p> <ul style="list-style-type: none">• 90 days after the date of our letter upholding our initial decision; or• 120 days after you first wrote to us – if we did not answer that request in some way within 30 days; or• 120 days after we asked for additional information. <p>Write to OPM at: United States Office of Personnel Management, Insurance Services Programs, Health Insurance Group II, 1900 E Street, NW, Washington, DC 20415-3620.</p>

The disputed claims process *(continued)*

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

- 5** OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to sue. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not sue until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: If you have a serious or life threatening condition (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and

- (a) We haven't responded yet to your initial request for care or preauthorization/prior approval, then call us at 1-800/638-6589 or 301/984-1440 (for TDD, use 301/984-4155) and we will expedite our review; or
- (b) We denied your initial request for care or preauthorization/prior approval, then:
 - If we expedite our review and maintain our denial, we will inform OPM so that they can give your claim expedited treatment too, or
 - You may call OPM's Health Insurance Group II at 202/606-3818 between 8 a.m. and 5 p.m. eastern time.

Section 9. Coordinating benefits with other coverage

When you have other health coverage

You must tell us if you or a covered family member have coverage under another group health plan or have automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payer and the other plan pays a reduced benefit as the secondary payer. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ guidelines.

When we are the primary payer, we will pay the benefits described in this brochure.

When we are the secondary payer, we will determine our allowance. After the primary plan pays, we will pay either what is left of our allowance or up to our regular benefit, whichever is less. We will not pay more than our allowance. The combined payments from both plans may not equal the entire amount billed by the provider.

What is Medicare?

Medicare is a Health Insurance Program for:

- People 65 years of age and older.
- Some people with disabilities, under 65 years of age.
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant).

Medicare has two parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (Someone who was a Federal employee on January 1, 1983, or since automatically qualifies.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare+Choice is the term used to describe the various health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on the type of Medicare+Choice plan you have.

- **The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share. Some things are not covered under Original Medicare, like prescription drugs.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

Claims process when you have the Original Medicare Plan – You probably will never have to file a claim form when you have both our Plan and the Original Medicare Plan. We have contracted with the Medicare Part B claims processors (also known as carriers) to receive electronic copies of your claims after Medicare has paid their benefits.

- When we are the primary payer, we process the claim first.
- When Original Medicare is the primary payer, Medicare processes your claim first. In most cases, your claims will be coordinated automatically and we will then provide secondary benefits for covered charges. You will not need to do anything. To find out if you need to do something to file your claim, call us at 1-800/638-6589 or 301/984-1440 (for TDD, use 301/984-4155) or at our Web site at www.SambaPlans.com.

We waive some costs if the Original Medicare Plan is your primary payer – We will waive some out-of-pocket costs as follows:

- If you are enrolled in Medicare Part B, we will waive the deductibles, copayments and coinsurances for:
 - Surgery and anesthesia services
 - Mental health and substance abuse benefits
 - Medical services and supplies provided by physicians and other health care professionals
 - Services by a hospital and other facilities and ambulance services
 - Dental benefits

Note: The prescription drug copayment is not waived.

- If you are enrolled in Medicare Part A, we will waive the following:
 - the per confinement copayment for inpatient hospital confinements
 - the coinsurance for inpatient hospital benefits

Medicare always makes the final determination as to whether they are the primary payer. The following chart illustrates whether Medicare or this Plan should be the primary payer for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly.

** Workers' Compensation is primary for claims related to your condition under Workers' Compensation

- **Medicare + Choice**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare + Choice plan. These are health care choices (like HMOs) in some areas of the country. In most Medicare + Choice plans, you can only go to doctors, specialists, or hospitals that are part of the plan. Medicare + Choice plans provide all the benefits that Original Medicare covers. Some cover extras, like prescription drugs. To learn more about enrolling in a Medicare + Choice plan, contact Medicare at 1-800-MEDICARE (1-800-633-4227) or at www.medicare.gov.

If you enroll in a Medicare + Choice plan, the following options are available to you:

This Plan and another plan's Medicare + Choice plan: You may enroll in another plan's Medicare + Choice plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare + Choice plan is primary, even out of the Medicare + Choice plan's network and/or service area, but we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare + Choice plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare + Choice plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare + Choice plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare + Choice plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare + Choice plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare + Choice plan's service area.

- **Private Contract with your physician**

A physician may ask you to sign a private contract agreeing that you can be billed directly for services ordinarily covered by Original Medicare. Should you sign an agreement, Medicare will not pay any portion of the charges, and we will not increase our payment. We will still limit our payment to the amount we would have paid after Original Medicare's payment.

TRICARE and CHAMPVA

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. If TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the program.

Workers' Compensation

We do not cover services that:

- You need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care.

Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

DVA facilities, DoD facilities and Indian Health Service

Facilities of the Department of Veterans Affairs, the Department of Defense, and the Indian Health Service are entitled to seek reimbursement from the Plan for certain services and supplies provided to you or a family member to the extent that reimbursement is required under the Federal statutes governing such facilities.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal government agency directly or indirectly pays for them.

When others are responsible for injuries

Liability insurance and third party actions – Subrogation applies when you are sick or injured as a result of the act or omission of another person or party. If damages are payable to you or any member of your family as a result of injury or illness for which a claim is made against a third party, the Plan, where cost effective, will take an assignment of the proceeds of the claim and will assert a lien against such proceeds to reimburse the Plan for the full amount of Plan benefits paid or payable to you or any member of your family. The Plan's lien will apply to any and all recoveries for such claim whether by court order, out-of-court settlement, or otherwise. The Plan will provide the necessary forms and may insist on the assignment before paying any benefits on account of the injury or illness. Failure to notify the Plan promptly of a third party claim for damages on which the Plan has paid or may pay benefits may result in an overpayment by the Plan subject to recoupment. If you need more information about subrogation, the Plan will provide you with its subrogation procedures.

Section 10. Definitions of terms we use in this brochure

Admission	The period from entry (admission) into a hospital or other covered facility until discharge. In counting days of inpatient care, the date of entry and the date of discharge are counted as the same day.
Assignment	An authorization by an enrollee or spouse for us to issue payment of benefits directly to the provider. We reserve the right to pay the member directly for all covered services.
Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care. You may also be responsible for additional amounts. See page 15 .
Confinement	An admission (or series of admissions separated by less than 60 days) to a hospital as an inpatient, for which a full day's room and board charge is made, for any one illness or injury. There is a new confinement when an admission is: <ol style="list-style-type: none">1) for a cause entirely unrelated to the cause for the previous admission; or2) for an enrolled employee who returns to work for at least one day before the next admission; or3) for a dependent or annuitant when admissions are separated by at least 60 days.
Congenital anomaly	A condition existing at or from birth, which is a significant deviation from the common form or norm. For purposes of this Plan, congenital anomalies include protruding ear deformities, cleft lips, cleft palates, birthmarks, webbed fingers or toes, and other conditions that the Carrier may determine to be congenital anomalies. In no event will the term congenital anomaly include conditions relating to teeth or intra-oral structures supporting the teeth except for the Dental prosthetic appliances benefit and Orthodontic treatment covered under Section 5(h); Dental benefits .
Copayment	A copayment is a fixed amount of money you pay when you receive covered services. See page 15 .
Covered services	Services we provide benefits for, as described in this brochure.
Custodial care	Treatment or services, regardless of who recommends them or where they are provided, that could be rendered safely and reasonably by a person not medically skilled, or that are designed mainly to help the patient with daily living activities. These activities include but are not limited to: <ol style="list-style-type: none">1) personal care such as help in: walking; getting in and out of bed; bathing; eating by spoon, tube or gastrostomy; exercising; dressing;2) homemaking, such as preparing meals or special diets;3) moving the patient;4) acting as companion or sitter;5) supervising medication that can usually be self administered; or6) treatment or services that any person may be able to perform with minimal instruction, including but not limited to recording temperature, pulse, and respiration, or administration and monitoring of feeding systems. Custodial care that lasts 90 days or more is sometimes known as long term care. The Plan determines which services are custodial care.

Deductible

A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for those services. See [page 15](#).

Experimental or investigational services

A drug, device, or biological product is experimental or investigational if the drug, device, or biological product cannot be lawfully marketed without approval of the U.S. Food and Drug Administration (FDA) and approval for marketing has not been given at the time it is furnished. Approval means all forms of acceptance by the FDA.

A medical treatment or procedure, or a drug, device, or biological product is experimental or investigational if 1) reliable evidence shows that it is the subject of ongoing phase I, II, or III clinical trials or under study to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis; or 2) reliable evidence shows that the consensus of opinion among experts regarding the drug, device, or biological product or medical treatment or procedure is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis.

Reliable evidence shall mean only published reports and articles in the authoritative medical and scientific literature; the written protocol or protocols used by the treating facility or the protocol(s) of another facility studying substantially the same drug, device or medical treatment or procedure; or the written informed consent used by the treating facility or by another facility studying substantially the same drug, device or medical treatment or procedure.

Group health coverage

Health care coverage that a member is eligible for because of employment by, membership in, or connection with, a particular organization or group that provides payment for hospital, medical, or other health care services or supplies, or that pays a specific amount for each day or period of hospitalization if the specified amount exceeds \$200 per day, including extension of any of these benefits through COBRA.

Home Health Care Plan

A home health care program, prescribed in writing by a patient's doctor, for the care and treatment of the patient's illness or injury in the patient's home. In the plan, the doctor must certify that an inpatient stay (for which a room and board charge would be made) in a hospital, convalescent nursing home or skilled nursing facility would be required by that patient if there were no home health care. The home health care plan must be established in writing no later than 14 days after the start of the home health care. After each sixty days the written plan must be renewed.

Medical necessity

Services, drugs, supplies or equipment provided by a hospital or covered provider of health care services that we determine:

- 1) are appropriate to diagnose or treat the patient's condition, illness or injury;
- 2) are consistent with standards of good medical practice in the United States;
- 3) are not primarily for the personal comfort or convenience of the patient, the family, or the provider;
- 4) are not a part of or associated with the scholastic education or vocational training of the patient; and
- 5) in the case of inpatient care, cannot be provided safely on an outpatient basis.

The fact that a covered provider has prescribed, recommended, or approved a service, supply, drug or equipment does not, in itself, make it medically necessary.

Plan allowance

Our Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Fee-for-service plans determine their allowances in different ways. We determine our allowance as follows:

- PPO benefits: For services rendered by a covered provider who participates in the Plan's PPO network, our allowance is based on a negotiated rate agreed to under the providers' network agreement.

Note: You will not be responsible for any amount above the providers' negotiated rate; PPO providers accept the Plan's allowance as payment in full.

- Non-PPO benefits: When you do not use a PPO provider to perform the service or provide the supply, there are two methods we use to determine the Plan allowance; 1) the Plan uses the 75th percentile factor of claims data and fee information gathered for specific geographic areas by Medical Data Research (MDR) or 2) in geographic areas where access to a PPO provider was available but the patient did not use a PPO provider, our allowance is based on the average PPO negotiated rate for that region.

Note: We will not consider any fee charged above the Plan's allowance. You will be responsible for the difference between our allowance and the bill.

For more information, see [Differences between our allowance and the bill](#) in Section 4.

Section 11. FEHB facts

Coverage information

- **No pre-existing condition limitation**
- **Where you can get information about enrolling in the FEHB Program**

We will not refuse to cover the treatment of a condition that you had before you enrolled in this Plan solely because you had the condition before you enrolled.

See www.opm.gov/insure/health for enrollment information as well as:

- Information on the FEHB Program and plans available to you
- A health plan comparison tool
- A list of agencies who participate in Employee Express
- A link to Employee Express
- Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions, and give you a *Guide to Federal Employees Health Benefits Plans*, brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment;
- How you can cover your family members;
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire;
- When your enrollment ends; and
- When the next open season for enrollment begins.

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office.

- **Types of coverage available for you and your family**

Self Only coverage is for you alone. Self and Family coverage is for you, your spouse, and your unmarried dependent children under age 22, including any foster children or stepchildren your employing or retirement office authorizes coverage for. Under certain circumstances, you may also continue coverage for a disabled child 22 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive health benefits, nor will we. Please tell us immediately when you add or remove family members from your coverage for any reason, including divorce, or when your child under age 22 marries.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

- **Children's Equity Act**

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll for Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self and Family coverage in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option;
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self and Family in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self and Family in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn't serve the area in which your children live, unless you provide documentation that you have other coverage for the children. If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that doesn't serve the area in which your children live as long as the court/administrative order is in effect. Contact your employing office for further information.

- **When benefits and premiums start**

The benefits in this brochure are effective on January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2004 benefits of your old plan or option. However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan's 2003 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

- **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as [temporary continuation of coverage \(TCC\)](#).

When you lose benefits

- **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment, or
- You are a family member no longer eligible for coverage.

You may be eligible for spouse equity coverage or [Temporary Continuation of Coverage \(TCC\)](#), or a conversion policy (a non-FEHB individual policy).

- **Spouse equity coverage**

If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you. But, you may be eligible for your own FEHB coverage under the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, or other information about your coverage choices. You can also download the guide from OPM's Web site, www.opm.gov/insure.

- **Temporary Continuation of Coverage (TCC)**

If you leave Federal service, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal job, if you are a covered dependent child and you turn 22 or marry, etc.

You may not elect TCC if you are fired from your Federal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, and the RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, from your employing or retirement office or from www.opm.gov/insure. It explains what you have to do to enroll.

- **Converting to individual coverage**

You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal service, your employing office will notify you of your right to convert. You must apply in writing to us within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must apply in writing to us within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and we will not impose a waiting period or limit your coverage due to pre-existing conditions.

- **Getting a Certificate of Group Health Plan Coverage**

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a Federal law that offers limited Federal protections for health coverage availability and continuity to people who lose employer group coverage. If you leave the FEHB Program, we will give you a Certificate of Group Health Plan Coverage that indicates how long you have been enrolled with us. You can use this certificate when getting health insurance or other health care coverage. Your new plan must reduce or eliminate waiting periods, limitations, or exclusions for health related conditions based on the information in the certificate, as long as you enroll within 63 days of losing coverage under this Plan. If you have been enrolled with us for less than 12 months, but were previously enrolled in other FEHB plans, you may also request a certificate from those plans.

For more information get OPM pamphlet RI 79-27, *Temporary Continuation of Coverage (TCC) under the FEHB Program*. See also the FEHB Web site (www.opm.gov/insure/health); refer to the “TCC and HIPAA” frequently asked questions. These highlight HIPAA rules, such as the requirement that Federal employees must exhaust any TCC eligibility as one condition for guaranteed access to individual health coverage under HIPAA, and have information about Federal and State agencies you can contact for more information.

Two new Federal Programs complement FEHB benefits

Important information

OPM wants to be sure you know about two new Federal programs that complement the FEHB Program. First, the **Flexible Spending Account (FSA) Program**, also known as **FSAFEDS**, lets you set aside tax-free money to pay for health and dependent care expenses. The result can be a discount of 20 to more than 40 percent on services you routinely pay for out-of-pocket. Second, the **Federal Long Term Care Insurance Program (FLTCIP)** covers long term care costs not covered under the FEHB.

The Federal Flexible Spending Account Program - *FSAFEDS*

- **What is an FSA?**

It is a tax-favored benefit that allows you to set aside pre-tax money from your paychecks to pay for a variety of eligible expenses. *By using an FSA, you can reduce your taxes while paying for services you would have to pay for anyway, producing a discount that can be over 40%!!*

There are two types of FSAs offered by the FSAFEDS Program:

Health Care Flexible Spending Account (HCFSA)

- Covers eligible health care expenses not reimbursed by this Plan, or any other medical, dental, or vision care plan you or your dependents may have
- Eligible dependents for this account include anyone you claim on your Federal income tax return as a qualified dependent under the U.S. Internal Revenue Service (IRS) definition and/or with whom you jointly file your Federal income tax return, even if you don't have self and family health benefits coverage. **Note:** The IRS has a broader definition than that of a "family member" than is used under the FEHB Program to provide benefits by your FEHB Plan.
- The maximum amount that can be allotted for the HCFSA is \$3,000 annually. The minimum amount is \$250 annually.

Dependent Care Flexible Spending Account (DCFSA)

- Covers eligible dependent care expenses incurred so you can work, or if you are married, so you and your spouse can work, or your spouse can look for work or attend school full-time.
- Eligible dependents for this account include anyone you claim on your Federal income tax return as a qualified IRS dependent and/or with whom you jointly file your Federal income tax return.
- The maximum that can be allotted for the DCFSA is \$5,000 annually. The minimum amount is \$250 annually. **Note:** The IRS limits contributions to a Dependent Care FSA. For single taxpayers and taxpayers filing a joint return, the maximum is \$5,000 per year. For taxpayers who file their taxes separately with a spouse, the maximum is \$2,500 per year. The limit includes any child care subsidy you may receive.

- **Enroll during Open Season**

You **must make an election** to enroll in an FSA during the FEHB Open Season. Even if you enrolled during the initial Open Season for 2003, you must make a new election to continue participating in 2004. Enrollment is easy!

- Enroll online anytime during Open Season (November 10 through December 8, 2003) at www.fsafeds.com.
- Call the toll-free number 1-877-FSAFEDS (372-3337) Monday through Friday, from 9 a.m. until 9 p.m. eastern time and a FSAFEDS Benefit Counselor will help you enroll.

What is SHPS?

SHPS is a third-party administrator hired by OPM to manage the FSAFEDS Program. SHPS is the largest FSA administrator in the nation and will be responsible for enrollment, claims processing, customer service, and day-to-day operations of FSAFEDS.

Who is eligible to enroll?

If you are a Federal employee eligible for FEHB – even if you're not enrolled in FEHB – you can choose to participate in either, or both, of the flexible spending accounts. If you are not eligible for FEHB, you are not eligible to enroll for a Health Care FSA. However, almost all Federal employees are eligible to enroll for the Dependent Care FSA. The only exception is intermittent (also called when actually employed [WAE]) employees expected to work less than 180 days during the year.

Note: FSAFEDS is the FSA Program established for all Executive Branch employees and Legislative Branch employees whose employers signed on. Under IRS law, FSAs are not available to annuitants. In addition, the U.S. Postal Service and the Judicial Branch, among others, are Federal agencies that have their own plans with slightly different rules, but the advantages of having an FSA are the same no matter what agency you work for.

• How much should I contribute to my FSA?

Plan carefully when deciding how much to contribute to an FSA. Because of the tax benefits of an FSA, the IRS places strict guidelines on them. You need to estimate how much you want to allocate to an FSA because current IRS regulations require you forfeit any funds remaining in your account(s) at the end of the FSA plan year. This is referred to as the "use-it-or-lose-it" rule. You will have until April 29, 2004, to submit claims for your eligible expenses incurred during 2003 if you enrolled in FSAFEDS when it was initially offered. You will have until April 30, 2005, to submit claims for your eligible expenses incurred from January 1 through December 31, 2004, if you elect FSAFEDS during this Open Season.

The **FSAFEDS Calculator** at www.fsafeds.com will help you plan your FSA allocations and provide an estimate of your tax savings based on your individual situation.

• What can my HCFSA pay for ?

Every FEHB health plan includes cost sharing features, such as deductibles you must meet before the Plan provides benefits, coinsurance or copayments that you pay when you and the Plan share costs, and medical services and supplies that are not covered by the Plan and for which you must pay. These out-of-pocket costs are summarized on page 77 and detailed throughout this brochure. Your HCFSA will reimburse you for such costs when they are for tax deductible medical care for you and your dependents that is NOT covered by this FEHB Plan or any other coverage that you have.

Under this Plan, typical out-of-pocket expenses include:

- the \$20 per office visit PPO copayment
- the prescription drug copayments
- out-of-network mental health and substance abuse out-of-pocket expenses
- expenses related to cosmetic surgery
- expenses for lasik or other refractive surgery
- expenses for treatment of infertility that exceeds the \$5,000 Plan limitation

The IRS governs expenses reimbursable by a HCFSA. See Publication 502 for a comprehensive list of tax-deductible medical expenses. **Note: While you will see insurance premiums listed in Publication 502, they are NOT a reimbursable expense for FSA purposes.** Publication 502 can be found on the IRS Web site at <http://www.irs.gov/pub/irs-pdf/p502.pdf>. If you do not see your service or expense listed in Publication 502, please call a FSAFEDS Benefit Counselor at 1-877-FSAFEDS (372-3337), who will be able to answer your specific questions.

- **Tax savings with an FSA**

An FSA lets you allot money for eligible expenses *before* your agency deducts taxes from your paycheck. This means the amount of income that your taxes are based on will be lower, so your tax liability will also be lower. Without an FSA, you would still pay for these expenses, but you would do so using money remaining in your paycheck after Federal (and often state and local) taxes are deducted. The following chart illustrates a typical tax savings example:

Annual Tax Savings Example	With FSA	Without FSA
If your taxable income is:	\$50,000	\$50,000
And you deposit this amount into a FSA:	\$ 2,000	-\$0-
Your taxable income is now:	\$48,000	\$50,000
Subtract Federal & Social Security taxes:	\$13,807	\$14,383
If you spend after-tax dollars for expenses:	-\$0-	\$ 2,000
Your real spendable income is:	\$34,193	\$33,617
Your tax savings:	\$576	-\$0-

Note: This example is intended to demonstrate a typical tax savings based on 27% Federal and 7.65% FICA taxes. Actual savings will vary based upon in which retirement system you are enrolled (CSRS or FERS), as well as your individual tax situation. In this example, the individual received \$2,000 in services for \$1,424, a discount of almost 36%! You may also wish to consult a tax professional for more information on the tax implications of an FSA.

- **Tax credits and deductions**

You *cannot* claim expenses on your Federal income tax return if you receive reimbursement for them from your HCFSA or DCFSA. Below are some guidelines that may help you decide whether to participate in FSAFEDS.

Health care expenses

The HCFSA is tax-free from the first dollar. In addition, you may be reimbursed from the HCFSA at any time during the year for expenses up to the annual amount you've elected to contribute.

Only health care expenses exceeding 7.5% of your adjusted gross income are eligible to be deducted on your Federal income tax return. Using the example listed in the above chart, only health care expenses exceeding \$3,750 (7.5% of \$50,000) would be eligible to be deducted on your Federal income tax return. In addition, money set aside through a HCFSA is also exempt from FICA taxes. This exception is not available on your Federal income tax return.

Dependent care expenses

The DCFSA generally allows many families to save more than they would with the Federal tax credit for dependent care expenses. Note that you may only be reimbursed from the DCFSA up to your current account balance. If you file a claim for more than your current balance, it will be held until additional payroll allotments have been added to your account.

Visit www.fsafeds.com and download the Dependent Care Tax Credit Worksheet from the Quick Links box to help you determine what is best for your situation. You may also wish to consult a tax professional for more details.

- **Does it cost me anything to participate in FSAFEDS?**

Probably not. While there is an administrative fee of \$4.00 per month for an HCFSA and 1.5% of the annual election for a DCFSA, most agencies have elected to pay these fees out of their share of employment tax savings. To be sure, check the FSAFEDS.com Web site or call 1-877-FSAFEDS (372-3337). Also, remember that participating in FSAFEDS can cost you money if don't spend your entire account balance by the end of the plan year and wind up forfeiting your end of year account balance, per the IRS "use-it-or-lose-it" rule.

- **Contact us**

To find out more or to enroll, please visit the **FSAFEDS Web site** at www.fsafeds.com, or contact SHPS by email or by phone. SHPS Benefit Counselors are available from 9:00 a.m. until 9:00 p.m. eastern time, Monday through Friday.

The Federal Long Term Care Insurance Program

It's important protection

Here's why you should consider enrolling in the Federal Long Term Care Insurance Program:

- **FEHB plans do not cover the cost of long term care.** Also called "custodial care," long term care is help you receive when you need assistance performing activities of daily living – such as bathing or dressing yourself. This need can strike anyone at any age and the cost of care can be substantial.
- **The Federal Long Term Care Insurance Program can help protect you from the potentially high cost of long term care.** This coverage gives you control over the type of care you receive and where you receive it. It can also help you remain independent, so you won't have to worry about being a burden to your loved ones.
- **It's to your advantage to apply sooner rather than later.** Long term care insurance is something you must apply for, and pass a medical screening (called underwriting) in order to be enrolled. Certain medical conditions will prevent some people from being approved for coverage. By applying while you're in good health, you could avoid the risk of having a change in health disqualify you from obtaining coverage. Also, the younger you are when you apply, the lower your premiums.
- **You don't have to wait for an open season to apply.** The Federal Long Term Care Insurance Program accepts applications from eligible persons at any time. You will have to complete a full underwriting application, which asks a number of questions about your health. However, if you are a new or newly eligible employee, you (and your spouse, if applicable) have a limited opportunity to apply using the abbreviated underwriting application, which asks fewer questions. If you marry, your new spouse will also have a limited opportunity to apply using abbreviated underwriting. Qualified relatives are also eligible to apply with full underwriting.
